From This County.

A court martial has been ordered for Colonel James Pettit, doing service in the Philippines, by General Otis, according to dispatches from Manila, of late date. Pettit handed a prisoner over to one of the island governors for punishment, and the native officer, likely thinking to prove his loyalty and do a great service to

the Americans, killed the prisoner without trial. Pettit is said to hail from Salem, Columbiana county.

ONE ARMED SMITH TOLD TO GET OUT

He Managed to Get Drunk Saturday Night and Was Arrested.

MAYOR WON'T BE BOtherED

With Him and If He Is Caught Here Again He Will Go to the Works.

SEVERAL CASES DISPOSED OF

Police business was good Saturday night and Sunday and as a result Mayor Davidson disposed of five cases.

One-armed Smith, the lead pencil vender, who makes his home at the Beaver county infirmary, was gathered in Saturday night. He had a beautiful jag and was placed in jail over night in order to sober up. Yesterday Mayor Davidson gave him half an hour to get out of the city and told him if he was caught here again he would get a trip to the works. He asked for three minutes to put on his shoes and the last seen of him he was making tracks toward Beaver as fast as he could go.

George Kennedy and Mose Swindells were arrested yesterday afternoon by Officers Wood and McDonald. They were both drunk and when arrested were enjoying themselves to their hearts' content. Mayor Davidson gave them \$6.60 each and they paid up.

Officer Morris arrested William Anderson yesterday on Sixth street. Anderson had more than he could stand and when the officer got him he was doing his utmost to pull a pail from a fence in his efforts to keep from falling. Morris assisted him to the patrol wagon and he was furnished with a place to lie down. It cost him \$5.60.

James Penny was drunk this morning when Officer Mahoney arrested him. He is still in jail and will not be given a hearing until he sobers up.

Freddy Bloor was a capture by Chief Thompson and he is in jail with a charge of indecent exposure against him.

WILLIAM E. RYAN.

Well Known Resident Died Yesterday After a Short Illness With Pneumonia.

William E. Ryan, aged 41, died at his home on Railroad street, in the rear of the power house, at 1:20 o'clock yesterday afternoon after a short illness. He was able to work last Monday and on Wednesday became ill with pneumonia, which resulted in his death.

The funeral services will be held tomorrow morning at 7:30 o'clock at St. Aloysius' church. Interment will be made in the Catholic cemetery.

NOT IN IT.

Mayor Davidson Don't Propose to be Annoyed With Details of Petty Quarrels.

The short time that Mayor Davidson has been in office has convinced him that there are many unpleasant things to contend with and he proposes to nip some of them in the bud.

at the start. He has made a rule that he don't propose to listen to the details of family or children quarrels, and if the parties wish to enter an action they can do so by putting up security for the costs in the case, but won't be bothered with a history of the trouble.

THEY WERE DRUNK.

And the Girls Deemed it Nothing Unusual and Very Funny.

There were three young men in the party. Two of the three were strongly under the influence of intoxicants, while the third was simply jolly. They were met on one of our most public thoroughfares by three nicely costumed young ladies, and an interchange of words and ideas took place, amid hilarity, and when they parted, one of the damsels sang out, evidently very much amused at the tipsy condition of her male admirer:

"Be careful, Freddie, or you'll take a tumble to yourself."

God help our young boys and girls. They are surely becoming accursed, under the awfully demoralizing influence of the open door of the un-American saloon.

SPORTING NOTES.

Mercer Played a Rank Game—Splendid Words for George Carey.

Mercer played poor ball at third for New York Saturday and had two hits, one putout, three assists and three errors.

Dicky Padden is now captain of the Chicago team of the American association.

A sporting paper has the following to say of Carey: "Buffalo has probably the greatest fielding first baseman that ever stepped on the initial bag. George O. Carey. He made his reputation with Minneapolis in the early days of the Western league, and served two years' apprenticeship with the champion Baltimore club. Inability to hit the ball relegated him to the minor league ranks."

NOT THIS WEEK.

The Congregation of the First Presbyterian Church Not Ready to Select a Pastor.

The congregation of the First Presbyterian church will not vote this week on a pastor and the date for taking the vote has not been fixed. Rev. R. B. McHatton, pastor of the Heron avenue church, Pittsburg, will occupy the pulpit of the First church next Sunday morning and evening.

Mary A. McDonald.

Mary A. McDonald, the 18-months-old daughter of Mr. and Mrs. J. E. McDonald, died Sunday morning at their home in Thompson place from an attack of spinal meningitis. The funeral services will be held from the house tomorrow afternoon at 1:30 o'clock. Interment at Riverview. The sorrow stricken father and mother have the sympathy of the entire community in their sad bereavement.

Went to Lisbon.

Several people went to Lisbon this morning to testify in the inquest of lunacy being held on William Voght, of this city. Ed. Geon and Officer Gill were two of the witnesses.

Occupied the Pulpit.

Rev. Vanfossan, of Pittsburg, occupied the pulpit of the First Presbyterian church yesterday morning and evening.

THE ROAD WILL BE WIDENED

Street Railway Company to Make Improvements at the Power House.

PENNSYLVANIA AVENUE DIRT

Will Be Used and the City Will Save Some Money on the Deal.

THE TRACKS WILL BE MOVED.

The street railway company will widen the roadway at the power house and will move their tracks out.

The dirt to be used in widening the roadway will be taken from Pennsylvania avenue, and Messrs Marshall and Peach went over the road with Manager Healy this afternoon and the city engineer gave the street railway company the grade on Pennsylvania avenue and they will take all the dirt from this street at the same time grading it and widening to the proper width. This action will not only save money to the city, but will be an accommodation to the street railway company.

The road at the power house has long been a question for council to discuss at their meetings and they will be glad to learn that the road is at last to be improved. The street railway company expect to put the road in first-class shape and when they have finished there will be no danger of any more wagons being broken at the power house.

Off for Columbus.

Mr. J. W. Richards and family left for Columbus today. Mr. Richards has been connected with the S. G. Hard company for the past four years as salesman. He has made a host of friends in this city, who will learn with regret of his departure. He has accepted a berth with Mr. Val. Loewre, furniture and carpet dealer. The News Review wishes Mr. Richards a full share of success and prosperity in his new position.

The Blinds Were Up.

Last night people on Second street were treated to a scene not down on the bills. A young man and his best girl were telling each other of their warm love and were interspersing the remarks with an occasional squeeze and kiss. They forgot to pull down the blinds and a large audience collected. Finally some one laughed and the blinds went down in a hurry.

Don't Mention My Name.

A prominent dairyman stepped into the News Review office this morning, laid down one dollar and fifty cents and said:

"For the famine fund. Send her off. Don't mention my name."

He will have his reward when he least expects it. God takes care of His workers.

Golden Eagles In Lisbon.

Lisbon, April 23.—(Special)—About 70 members of the Knights of the Golden Eagle came over from Youngstown Saturday evening and instituted a subordinate lodge of 35 members of that order in Lisbon.

SUBURBAN NEWS.

EAST END.

SOUTH SIDE.

L. O. Jones, who has resided in the suburb for several years, will move his family to Wheeling soon. He is a painter and has secured employment in that city.

Oscar Michael is very ill at the home of his parents on Mulberry street threatened with typhoid fever.

The motormen at their regular meeting Saturday evening will oblige several new candidates.

The printers at the Laughlin pottery No. 2 did not work Saturday on account of a scarcity of ware. They resumed work this morning.

John Arnold, of First avenue, who has been visiting his mother near Marietta for several days, returned home Saturday evening. Mrs. Arnold has been quite ill, but her condition has greatly improved during the past week.

The work has been begun on the erection of the new kilns intended to be built at the sewer pipe works. All the brick made while C. A. Smith had control of this plant are still piled in the yards, and the new kilns will be built from these brick.

Richard Ferran, who has been employed as a motorman by the street railway company for several years, has resigned his position. He will return to his trade, that of a sagger maker.

Mrs. Hutchinson, of St. George street, is under the care of a physician.

The bricklayers were to start today upon the erection of the walls of the new school building on Erie street. The carpenters on Saturday finished placing the joists for the first floor. With good weather the brick will be one story high within a few days.

The funeral services over the remains of Thomas Smith were held yesterday and a large number of friends of the deceased were present. Interment was made in Long's cemetery.

The new decorating kiln at the Laughlin pottery will be used for the first time by the last of the week. While the kilns and kiln shed have been completed for several days, the gas connections have not been made.

The committee of Senior Mechanics, composed of Thomas Putnam, William English and W. B. Thomas, who have been looking after a site for the new lodge building which is proposed to be built, will make a final report of their work at the meeting next Thursday evening. Several sites can be secured, but no purchase will likely be made for several weeks.

A small child of Mr. and Mrs. George Hutchinson, of St. George street, is very ill.

The electric bell at the Mulberry street corner is again out of order.

"THE SIGN OF THE CROSS."

Rev. Edwin Weary's Special Sermon to the Sons and Daughters of St. George.

The Sons of St. George attended services at St. Stephen's Episcopal church yesterday morning, accompanied by about 36 members of White Rose lodge, Daughters of St. George. The parish building was beautifully decorated with roses and the attendance was large, in fact, the parish building was crowded. Rev. Edwin Weary took as his subject: "The Sign of the Cross," and his remarks were in the main upon St. George, the patron saint of England. The annual festival has been observed since 1222. The history of the order since its organization was reviewed and the services as a whole were very interesting.

Distinguished Visitor.

An Arabian was furnished with sleeping quarters at city hall Saturday night. He didn't give his name.

Fixed the Value.

The appraisers fixed the value of the stock in the store of J. M. Vaughan at \$400.

THE WALNUT STREET DEN..

The Article Lately in the News Review Has Stirred the Animals Up.

The house of ill fame and den of assignation on Walnut street was stirred from top to bottom with hot anger against the News Review the other day, in consequence of the article which appeared in these columns.

Prominent men of the city have been visiting there, and the publicity thus given the den has caused them much annoyance and discomfort. The next move will be a "pull" of the vile place, despite all the influence and power which will attempt to check it. And right here let us state that, when the officers do make their raid, and gather in, when least expected, these cheeky and brazen men of wealth and so-called position, their real names will appear in these columns, no matter what fictitious name may appear on the magistrate's docket. It is high time that wickedness in high places shall be called down and justice, plain, unvarnished justice, be meted out to the offenders. We have given plain warning and we mean plain printing of real names. Be wise, oh ye would-be cunning and artful dodgers, and avoid the house of death and the scarlet woman.

FOUND MORE MONEY.

And It Is Earnestly Desired That More and More May Be Found.

When counting the money at the First M. E. church on Sunday, April 15, a plate of money was undiscovered, being covered over in some manner. This plate contained the sum of about \$37.00. Of course this has been since added to the India famine fund, and another consignment of cash will be immediately forwarded by the pastor of the church.

Men and women seem to have their hearts and pocket books opened under the inspiration of the appeals being made for these suffering ones in India. The expenses of the First M. E. church are covered by about \$25.00 for each Sabbath. These come under the head of "running expenses." Despite the collection taken up for the famine fund on the Sabbath in question, the collection for current expenses was over \$39.00. The Master will see that you lose nothing by feeding his children, your brothers and sisters.

WANTED AID.

A Woman Applied to Township Trustee to Borrow Money.

Last week a woman called at the office of the township trustees and wanted to borrow enough money to take her to Kittanning, where she said she owned property. She stated that her son had gone away and she was out of work. The trustees didn't give her the money.

MORE WORK FOR THE FIRE CHIEF

He Shall Assist the State Fire Marshal In Carefully Investigating Every Fire.

FIRE MUST BE REPORTED

By the Chief One Week After They Have Occurred and the Marshal Shall Keep a Record.

GOOD JOB FOR SOME ONE.

The fire marshal bill which passed the last general assembly is now a law in the state of Ohio.

The bill provides that the governor shall annually, between January 15 and February 1, appoint a state fire marshal and he in turn shall appoint two deputies. The office of the marshal shall be located at Columbus.

It shall be the duty of the fire marshal and the chief of the department in every village or city to investigate every fire in the village or city, find out the probable cause, origin and circumstances and especially find out whether it was by carelessness or design.

The fire marshal can superintend the investigation when he deems it necessary and all chiefs are compelled to notify him in one week after the fire has occurred and he shall keep a careful record of all fires in the state. This record shall at all times be open to public inspection.

He can take testimony under oath and if evidence secured warrants the conviction that an arson has been committed he can have parties arrested and report same to fire insurance commissioner.

He and his deputies shall have the power of trial justices. They can administer oaths and for false swearing can have the persons arrested for perjury. They shall at all times have the right to enter and examine buildings where a fire has occurred. They can use their own discretion as to whether an investigation shall be conducted in private.

The state marshal, chief of department of all villages and cities where a department exists, the mayor where there is none and the clerks of townships can examine buildings at any time and when they find combustible material or anything liable to cause a fire they can order the same removed or remedied. The owner or occupant of the building can appeal within 24 hours to the state marshal and it shall be investigated by him. The orders of the authorities must be carried out or a fine not less than \$10 nor more than \$50 can be imposed for each day's neglect.

Any officer not doing his duty shall be fined not less than \$25 nor more than \$200.

The fire marshal shall receive a salary of \$3,000 per year, the first deputy \$1,800 and the second deputy \$1,500.

For the purpose of maintaining the department the insurance companies doing business in the state shall in the month of December, pay in addition to the taxes now required one-half of 1 per cent on the gross premium receipts on all business done in Ohio the year next preceding. The superintendent of insurance shall cover the money so secured and the fire marshal shall keep an itemized account of the expenses of his department.

The fire marshal shall transact no other business during his term of office and he or one of his deputies shall be in the office all the time. He shall make an annual report to the superintendent of insurance by January 15 of each year and the super-

VOTE ON THE QUAY CASE TOMORROW.

Senate Will Decide Beaver Man's Right to a Seat—Other Cases This Week.

WASHINGTON, April 23.—The senate will give considerable attention during the present week to questions of privilege involving three seats in the senate. Under the unanimous consent agreement, reached on the 10th inst., the resolution declaring Senator Quay not to be entitled to a place in the senate probably will be voted upon at 4 o'clock tomorrow, and in the meantime several speeches will be made upon the resolution. An intimation has been given of a possible effort to postpone the case further, on the ground that there is not sufficient time left before the date set for the vote within which to deliver all the speeches senators desire to make on the resolution, but if a movement is made in that direction it will be stoutly resisted.

It would be an exceptional occurrence if the unanimous agreement should be set aside. Among those who are still expected to speak in Mr. Quay's behalf are Senators Penrose and Chandler, while Senators Platt, of Connecticut; Hale and Lindsay will probably speak in opposition to his claims.

The leaders on both sides are claiming victory, but they do not in either case give figures on the result.

After the Quay vote is taken Senator McComas, who as a member of the committee on privileges and elections, has had charge of the protest against Senator Scott's continuing to occupy his seat as a senator from West Virginia, will call up the resolution in that senator's behalf and ask for immediate consideration. The prospect is that there will be little or no debate on this resolution, as the report of the committee is in line of senate precedents.

The report of the committee on elections in the Clark case, it is positively announced, will be made today, and it is the intention of the committee to see that it be taken up as soon as the Quay and Scott cases are disposed of. How much time this case will consume will depend largely, if not wholly, upon Mr. Clark himself. He still says that he will not decide upon any line of action until the report of the committee is made public. If he should elect to continue the contest there would be more or less delay for the preparation of speeches.

NAVAL BILL PASSES THE HOUSE.

It Went Through With the Armor Plate Provision Stricken Out.

WASHINGTON, April 23.—The naval bill passed the house Saturday.

Mr. Underwood, whose filibuster had brought affairs to a temporary standstill, explained that there was no purpose in delay, but merely to insist that time be given for consideration and that a vote be taken on the government armor factory proposition. Mr. Vandiver submitted this proposition in a motion to recommit the bill with instructions to the naval committee to frame a provision for a government factory. The instructions were ruled out, and subsequently the motion to recommit was disagreed to without division. The bill was thereupon passed without a record vote. As finally adopted the measure provides two battleships, three armored cruisers and three protected cruisers, and the \$545 figure on armor is stricken out.

After 1 p. m. the house devoted itself to eulogies on the late Representative Settle, of Kentucky.

Hesitation may result in loss of life.

CIGARETTE FIENDS.

They are in our city. They are mere bits of boys. They claim that they try to break away from the use of the abominable things, but that the passion for them is stronger than their will. Good citizens should unite against the men who sell the accursed things to the youngsters. In fact, there should be a united effort made by conservative citizens, by fathers and mothers, against the sale of cigarettes to any one, young or old. Can it be done here?

BEHAVE IN CHURCH.

If you cannot behave, then stay at home and take lessons in common decency and propriety, until such time as you have reached the age of common sense. We have reference to the boys and girls who were misbehaving in the rear seats of the M. E. church yesterday at the morning service, when the pastor was engaged in an earnest prayer for God's blessing on sinful men and women. One of the worst behaved of the girls was sporting a bright pink shirt waist. Her costume was all right and her conduct all wrong. The boys in the seat in rear of the girls should have been taken over their fathers' knees and a clapboard applied in a

vehement manner to their anatomy. Repetition of this bad conduct may result in both boys and girls being summoned before the mayor.

FOR OR AGAINST.

Watch the fellow who attempts to make use of you. The fellow who has no true friendship for individual or party. The fellow who tries to work all classes and all parties, with the one aim in view—that of feathering his nest and lining his pockets. He is right in our midst. He imagines himself brainy and competent. Watch him. He is on the down grade. His race is almost run. Men are in demand, and he don't fill the bill. Don't get caught in his snare. Forewarned should be forearmed. Don't permit yourself to be made the laughing stock of the city by investing with him. His gold bricks will turn into the same material as his cheek-brass.

SIXTH STREET DEN.

If Mayor Davidson and Marshal Thompson desire the good will and backing of conservative and law-abiding citizens, they will pay close attention to a Sixth street dive, a den where intoxicants are said to be sold freely on the Sabbath day. The officers mentioned will have no difficulty in locating the lawbreaker; the only difficulty will be in detecting him, as he is a cute customer, and long practice has rendered him very astute and cunning. The pitcher that is carried often to the well is eventually broken, however, and this pitcher should be broken all to pieces, as the dive and its proprietor are proving to be awful curses to East Liverpool and her young men. A detective from a distance would prove a good feature, and there is plenty of money to back such a venture on the part of our local authorities. The detection and punishment of the outlaw in question will prove of great benefit to the city at large and make lasting friends, friends worth having, for our leading executive officers.

River Notes.

The Sunday boats passed up in good time and the Ben Hur and Keystone State are due south tonight. The Kanawha is due down tomorrow evening.

Drunken Boy.

Yesterday afternoon a boy who looked to be about 16 years of age was driving a team about the city. The boy was drunk and a member of council endeavored to find a policeman to look after him, but the boy got off the streets before an officer was located.

Named a Committee.

At a meeting of the Epworth League of the First M. E. church, held last evening, a committee was named to nominate new officers. The officers will be elected at the next regular business meeting which will be held on the first Thursday evening of May.

AT Y. M. C. A. HALL.

The Evangelistic Meetings Are Providing Benefit to the City.

Duncan MacGregor, the evangelist, addressed a fine audience on Sunday afternoon at Y. M. C. A. hall. His subject was as to the recognition of our friends and loved ones in heaven. He is an eloquent and forcible speaker, and his description of the scene of Elijah's translation was simply superb. He argued that, just as soon as Elijah's feet left this material earth, he became a spiritualized being; and yet Elisha, as his friend ascended, was able to recognize his face and form. The speaker then depicted the death bed scene of a noted English Christian worker, and went on to show how the dying man, rational and in full possession of his senses, was permitted to see and recognize a loved one who had passed over the great divide many years before. A description was also given of the death bed of Maggie McMillen, a young lady who had been a professor of religion and a church worker, but who had wandered into the paths of infidelity, and scoffed at the Bible, the blessed Christ and the God whom her mother served. Stricken by disease, in her dying hour she sent for Evangelist MacGregor, then her pastor, and lamented, in agony, her foolishness and despaired of being saved.

Rev. MacGregor quoted the "whosoever will" to the poor girl, and the latter finally asked her mother to sing the grand old hymn, "Oh, For a Thousand Tongues to Sing My Great Redeemer's Praise," the Master blessing her during the singing thereof. The leader of the infidel club was sent for, and the dying girl told him of the wonderful love of Jesus and of her full and free forgiveness at the Master's hands. After her death, a wonderful and long-continued revival of religion took place in the immediate neighborhood, and great good was accomplished.

As the young lady was dying, she turned to her aunt and said, referring to a cousin residing in far-distant California: "Oh, aunt, I saw Nellie; she was all dressed in white and looked oh so beautiful." The aunt thought the mind of her beloved niece was wandering and she questioned her respecting her vision, and again received the same answer. The next day after the death of Maggie McMillen, the aunt received the sad news of the sudden death of her daughter Nellie. The speaker argued that Miss McMillen was gifted with spiritual vision in her dying moments. He also cited the death of the lamented Moody, of whom his son said that his father had passed over the river three different times before his final demise, and been gifted and blessed with a sight of the beautiful city, of the houses not made with hands.

Ed. MacIntosh sang at the afternoon meeting, rendering "Abide With Me."

Song service was a very pleasing feature at night, a large choir being present. Miss Emma Maple rendered

two solos, much to the gratification of the audience.

The evangelist took as his subject "The Fast Young Man, Riding His High Horse to Doom." The speaker painted mind pictures of the awful doom of men who defy God and live lives of vice and of wickedness. He demonstrated the fact that "as a man sows, that shall he also reap." The speaker is evidently thoroughly posted as to the awful curse of the rum traffic in this great nation, so otherwise blessed by the hand of the Master, and he believes that awful punishment will yet come upon our people in consequence of our government legalizing the damnable liquor traffic. Evangelist MacGregor has been urged to deliver his famous lecture against intemperance while here, a lecture which has attracted widespread attention in the east, and he may possibly do so.

Several men and women held up their hands yesterday and desired the prayers of God's people. One man came forward to the front seats last night who had formerly been an effective mission worker, but who had fallen by the wayside in consequence of the accursed drink demon overcoming him. You have a cordial invitation to attend the meeting at the Y. M. C. A. hall tonight. Services begin at 8 o'clock.

STOPPED A FIGHT.

Two Young Men Engaged in a Quarrel Last Night.

A fight occurred at the corner of Mulberry alley and Fourth street last night, but the appearance of a prominent citizen prevented the parties from being arrested. The prominent citizen and his wife were walking along the street when they noticed a young lady standing on the sidewalk and loud talking taking place in the alley. The gentleman went back and arrived just in time to see one person who was called Ed. hit the other man. The gentleman interfered, but did not succeed in stopping the fight until Ed. had given his adversary a fairly good thrashing. Ed claimed the other party had insulted his girl, and only a threat that the patrol would be called stopped the fight. After Ed. had departed another man stepped up and wanted to follow him, but the gentleman who had acted as peacemaker told him to go home or he would be arrested. It is not known who the parties are, and the person who separated them didn't know any of them.

REBELS SLAUGHTERED

Bloody Week In Rebellion In Philippines.

ABOUT 1,000 DEAD OR MAY DIE.

Three Hundred and Seventy-Eight Killed and Many More Likely to Perish From Their Wounds — American Loss Was Nine Killed and 16 Wounded.

MANILA, April 23.—Last week was one of the bloodiest of the war since the first day's fighting around Manila. Authentic reports, mostly official, show a total of 378 Filipinos killed, 12 officers and 244 men captured and many more wounded. The number wounded is hardly guessable. Considering that the Filipinos entirely lack hospital facilities, a great majority of the wounded will die. Probably the week's work finished 1,000 insurgents.

The Americans' total loss was nine killed and 16 wounded. Two sergeants and one private were killed in ambuscades while escorting provision trains.

Twenty Filipinos in the province of Batangas attacked Lieutenant Wonde, who, with eight men, was scouting near San Jose. The lieutenant and five men were wounded and one private was killed.

Sergeant Ledolus, of the Thirty-fifth infantry, was badly wounded in an ambush near Ballaud. Lieutenant Calch, of the Thirty-fifth infantry, with 70 men had a five-hours' fight with 400 insurgents in the Neiva Carreras district. Twenty of the insurgents were killed.

Colonel Smith, of the Seventeenth infantry, who captured General Montenegro and brought him to Manila, is in the isolation hospital suffering from smallpox, presumably caught from the Filipinos.

Colonel Smith's command captured 180 officers and men with Montenegro. The officers were brought to Manila. Montenegro, who was formerly one of the most dapper officers in the Filipino army, looks worn and haggard. He says he has led a terrible life for months, and he has offered to return to the north with Colonel Smith to endeavor to persuade his former comrades of the uselessness of opposing the Americans.

One hundred escaped Spanish prisoners from the province of Tayabas, South Luzon, have arrived at Manila.

The insurgents have 400 more Spaniards in that district. Recently the Filipinos destroyed several rods of railway line near Panique, in an unsuccessful attempt to wreck a train.

The insurgents have been aggressive in almost every province of Luzon. General Pio del Pilar's band, numbering 300, which was out of sight for three months, the leader being reported killed, has reappeared in its old field about San Miguel. Pilar is supposed to be again in command. He gave the American garrison at San Miguel, consisting of three companies of the Thirty-fifth infantry with a Gatling, a three-hour fight during a night attack. The loss of the insurgents in this engagement is not included in the foregoing total, as they removed their dead and wounded, but presumably it was considerable.

MANILA INVADED BY PLAGUE.
Fourteen Fatal Cases Within a Week.
Disease Bred by Foul.

MANILA, April 23.—The sudden deaths of Filipinos and Chinamen in Quiapo market have led to an investigation showing that 15 cases of the plague, 14 of which were fatal, had occurred within a week. The market is located in the center of the city. In black, rotten, wooden buildings the keepers of the stalls live there, with their families, huddled together in great filth. Some of the victims were stricken and died within an hour. There have been several deaths in other sections of the city recently which have been traced to infection from the market.

After all the market people had gathered together the health office threw a guard around the buildings and will keep the inmates quarantined there for a fortnight. They will then burn the market. The total number of bubonic deaths are 119 Chinamen and 66 Filipinos. The plague elsewhere has been suppressed. Not one infected person has been in the Chinese district for 10 days.

Colonel Hardin and Major Case, with a battalion of the Twenty-ninth infantry, have sailed for the islands of Martinique and Mahbeto. It is reported that the insurgents have 250 rifles and 7,000 rounds of ammunition. Dr. Burges, a prominent native of Martinique and a supporter of the Americans, accompanies the expedition to try to convince the inhabitants of the wisdom of surrender.

TAYLOR LIKELY INDICTED.

It Is Said Prosecution Awaits Completion of Argument In Governorship Case.

FRANKFORT, Ky., April 23.—While the Franklin county grand jury has not adjourned, it is understood that the investigation of the Goebel assassination has been completed. The indictment against Republican Governor Taylor, charging him with being an accessory to the murder, will be held up till after the argument of the governorship contest case, which is docketed for hearing before the supreme court at Washington, April 30, and it is said by persons in the councils of the prosecution that no steps will be taken in the case till after that time.

The rumor that Governor Beckham had been applied to for a requisition is without foundation.

Former Governor W. O. Bradley, leading counsel for Governor Taylor, gave an interview, saying in part:

"Governor Taylor went to Washington, on purely personal business, not connected in any way with the trial of his case."

"Nor do I believe the report to be true that he is in New York, attempting to prevent the honoring of a reacquisition for his return to this state."

"Governor Taylor has publicly declared that he was not and never would be a fugitive from justice, and that if indicted he would respect the law and meet his accusers face to face. Therefore there remains but one course open to him, and that is to return as soon as he can, walk boldly and bravely into court and meet the indictment like a man. Any other course would be rank injustice, not only to himself but to those of his friends who have been accused of so foul a crime. I do not know whether an indictment has been found against Governor Taylor."

THE ECUMENICAL DELEGATES BUSY.

Many Spoke In Churches About New York Sunday—President Attended Church.

NEW YORK, April 23.—Although no session of the ecumenical conference was held Sunday, most of the members of the conference found it a very busy day. With few exceptions they accepted invitations to speak at one of the services held in the several hundred churches of the five city boroughs, and even in the neighboring cities and towns.

President McKinley attended the 11 o'clock service at the Brick Presbyterian church, on Fifth avenue. With him were his brother, Abner McKinley, Secretary Cortelyou, and Mr. and Mrs. Morrit K. Jesup.

The president breakfasted with Mrs. McKinley in their apartments at the Manhattan hotel. Mrs. McKinley was much rested after the trip to this city, but did not feel well enough to attend services.

At the church Rev. J. H. Laughlin, missionary from the province of Shan Tung, China, delivered an address on the progress of Christianity in that country. Although this province is the storm center of the Chinese nation, owing to the residence there of large numbers of the "boxers," he said that the missionaries were doing good service and that the growth of Christianity had been great.

Both going to and coming from the church the president was recognized by many people on Fifth avenue. A small crowd gathered around the hotel, to whom he bowed in an amiable manner.

In the afternoon the president and Mrs. McKinley drove in the park.

The services in other prominent churches in this city were conducted by the most prominent of the missionaries now attending the Ecumenical conference.

ST. PETERSBURG, April 23.—Emperor Nicholas has issued an imperial rescript, addressed to Grand Duke Sergius, governor general of Moscow, expressing his gratification at having passed holy week in Moscow. The rescript says in part:

"In the cradle of autocracy, where the saints repose undisturbed, and amid the resting places of the crowned builders and expanders of the Russian empire, our prayers rise with increased strength to the Lord of Lords, in common with the faithful members of our beloved church thronging into the temples, and here calm joy fills the soul in prayer."

STATE CONVENTIONS.

Republicans Meet In Ohio and Pennsylvania This Week.

GROW AFTER A RENOMINATION.

aged Pennsylvanian Wants to Remain In Congress—Laylin To Be Named For Secretary of State In Ohio—Other Probable Nominees at Columbus.

HARRISBURG, Pa., April 23.—The Republican state convention will be held here on Wednesday to nominate candidates for congressman-at-large, auditor general and four presidential electors-at-large, and elect eight delegates-at-large to the national convention at Philadelphia. Colonel Ned Arden Flood, of Meadville, reached here, and was to open headquarters today at the Lochiel hotel for his father, Dr. Theodore L. Flood, a candidate for congressman-at-large. Two persons will be selected for this office, and one of the incumbents, Samuel A. Davenport, of Erie, is not a candidate. The other is Galusha A. Grow, of Susquehanna, who entered congress 50 years ago, and has served three terms as congressman-at-large. He is an active candidate for renomination, and will be here tomorrow to take personal direction of his canvas.

Another candidate who is after this office is Robert H. Foerderer, of Philadelphia, who has been endorsed by a majority of the delegates from that city. Senator E. B. Hardenbergh, of Wayne county, has no opposition for auditor general. It is expected that the party leaders and a majority of the candidates and delegates will reach here by Monday night.

HANNA TO BE CHOSEN.

Will Likely Go as One of the Delegates to Philadelphia—Mannington Withdraws.

COLUMBUS, O., April 23.—The Republican state convention is to be held here Tuesday and Wednesday.

There are but five state officers to be elected this fall, and the most important of them is the secretary of state. The others are judge of the supreme court, state commissioner of schools, state dairy and food commissioner and members of the state board of public works.

For supreme judge John A. Shauck, of Dayton, now serving on the bench, is candidate for nomination for another term, and will get it without opposition. For member of the state board of

public works C. A. Goddard, of Portsmouth, now serving his first term in that office, will be nominated for another term without opposition. For state school commissioner the incumbent, Lewis D. Bonebrake, is, by the unwritten law of the party, entitled to a second term, and will probably get it. Messrs. Shauck, Goddard and Bonebrake are serving their second terms, and ordinarily there would be no question about their nomination.

The case is quite different with State Food Commissioner Blackburn. He is finishing his second term, and the rule against third terms is strong except in the case of judges of the supreme court. It was a matter of some surprise when Commissioner Blackburn announced his candidacy for another nomination. Four other persons have entered the race for this nomination—S. C. Wheeler, of Sandusky; Byron Lutz, of Ross county; T. J. Harbaugh, of Putnam county, and F. B. McNeal, of Miami county. It is generally expected Blackburn will be the nominee. R. M. Nevin, of Dayton, has been selected for chairman of the convention.

The Democratic state committee will not be called together to fix the time and place of the state convention until after the Republican convention is over.

It is believed that the delegates-at-large to the national convention will be Senators Hanna and Foraker, Governor Nash and Congressman Dick.

Senator Hanna has expressed his desire for someone else to be selected, but as there would be a contest for the place in the event of Senator Hanna's declination being accepted, it is thought that he will be chosen in the interest of harmony.

The withdrawal of Howard Mannington assures the nomination of Lewis C. Laylin for secretary of state without opposition.

George Oliver Declines.

PITTSBURG, April 23.—Mr. George Oliver, in a letter, has declined to accept the Republican nomination for congressman-at-large for business reasons.

Allowance as to Officers.

WASHINGTON, April 23.—After a discussion lasting more than two hours the senate agreed to the two resolutions of

ferred by Mr. Bacon calling upon the secretary of war for information as to the allowances made to army officers stationed in Cuba and Porto Rico, and the sums expended in providing quarters, equipages and other conveniences for them. The debate took a wide range, many senators participating in it.

ACUSED OF FOUR MURDERS.

Wealthy Man Gave His Interests to a Chicago Lawyer and Then Disappeared.

CHICAGO, April 23.—Attorney William J. Candlish, of this city, in explanation of notices received by the Chicago police asking for the arrest of Geo. H. Wright, alias James S. Weeks, alias C. T. Case, alias Mr. Stevens, a native of Michigan and a graduate of the law department of the University of Ann Arbor, charged with murdering four persons, three in Utah and one in Colorado, says he became acquainted with Wright because they lived at the same Chicago hotel in July, 1897, and Wright engaged him to go west and gather evidence to defend him on the charge of having murdered a man named Crampton near Guffey, Colo., in January, 1897. Wright then, it is alleged, under the alias of Case, deeded to Candlish a bank building, a residence, two office buildings and numerous vacant lots in Cripple Creek and Guffey, Colo., besides transferring to him all his stock in various mining corporations.

Candlish says Case left his office to return in an hour with \$200 as advance payment on Candlish's traveling expenses and has not returned to this city. The Chicago men interested in Case's mining properties sent Candlish west, however, and he examined the properties at Cripple Creek and Guffey and was later made president of the Hub Hill Mining company and of the Fines Mining company and counsel for the Union Mining company. Case had been president of the three companies.

Case told Candlish that he was innocent of Crampton's death and that the charge was an effort of enemies and business rivals to ruin him.

A circular issued by Sheriff George A. Storrs, of Provo City, Utah, charges that Wright murdered three boys in Utah county, in February, 1895, and sank their bodies beneath the ice in Utah lake, the alleged reason of the crime being that the boys claimed to have knowledge of Wright's guilt as a cattle thief. This explanation was, it is alleged, given to the Utah state board of pardons in the hearing for a pardon last April for the pardon of the stepfather of the three boys, who had been convicted of their murder and sentenced to be hanged, the witness before the pardon board being the divorced wife of Wright.

TURKEY SAYS NO IN A POLITE WAY.

Will Compensate Our Demands In Same Manner as She Has Other Nations' Claims.

CONSTANTINOPLE, April 23.—The porte has replied to the American demands, stating that Turkey will compensate American missionaries under the same conditions as in the case of other foreign subjects.

There is the greatest interest in political circles regarding the attitude of the United States in the indemnity claim, and it is believed the powers having similar claims will support American action.

TO HELP CHURCHES IN GUAM.

General Wheeler Asks Gifts of Stations of the Cross.

WASHINGTON, April 23.—General Joseph Wheeler, in a letter to Miss Fannie Wheelan, a prominent Catholic of this city, has set on foot a movement to aid the poor churches of the Philippine and Ladrones Islands. In the letter General Wheeler says:

"During my recent visit to the Philippines and the Ladrones I was much impressed with the great devotion of the women, and it occurred to me that it would be a graceful thing for the Catholic women of our country to show their appreciation of the piety of their sisters of the east in some substantial way."

"While on the island of Guam, where there are six churches, I inquired what would be the most acceptable present, and was informed that the churches, which are very similar to our small country churches, need stations of the cross."

Miss Wheelan is associated with Mrs. Thomas F. Ryan, of New York, in the work for poor churches of the United States of the Tabernacle society, the object of which is to furnish necessary articles for churches which are too poor to procure them. Their work has been connected with the Indian missions.

It may be good for us to remember, as an English novelist tells us, that the shade of each departed day falls on our graves.

CHARGED TO FENIANS.

Official's Theory of Welland Canal Explosion.

OTHERS BLAME BUFFALO SCOOPERS

Niagara (Ont.) Jail Surrounded by Officers to Prevent Expected Attempt to Rescue Prisoners by Buffalo Workmen Boer Sympathizers First Suspected.

NIAGARA FALLS, April 23.—Chief Youngs, of the Dominion police, his force of half a dozen regular policemen and 200 armed deputies are guarding the jail at Clifton, Ont., where are confined the three men charged with blowing up Lock No. 24 at Thorold, Ont.

The extraordinary precautions taken for the guarding of the men is the result of a rumor that reached Chief Youngs this afternoon to the effect that 400 Buffalo grain shovelers were on their way here to liberate the prisoners. The militia of the district, the Forty-fourth battalion, has been warned for service and can be mobilized at Clifton at short notice. It was thought the men who blew up the lock were Boer sympathizers. The opinion has changed.

It is now the belief of many persons in Clifton and nearby Canadian villages that the dynamiters were agents for Buffalo grain shovelers and sought to blow up the lock for the purpose of disabling the Welland canal, thereby preventing the passage of grain through the canal from Coborne to Montreal. With the canal closed, it is thought the shovelers of Buffalo might have more work than they would if the Welland canal was open. This line of reasoning, aided by rumors of an impending invasion of shovelers from Buffalo, resulted in the heroic measures taken by Chief Youngs.

Three men were seen to run away, after the explosion. They were tracked and two were captured.

The prisoner John Nolan says he is a mechanic from Philadelphia. The prisoner John Walsh says he is a bartender from Washington, D. C.

BUFFALO, April 23.—The most careful inquiry has failed to discover anything to indicate a movement of Buffalo grain shovelers to release the Welland canal dynamiters now in jail just over the Canadian border.

The grain shovelers seen along the water front seem surprised at the story when it was told to them by newspaper reporters. So far as could be observed there was not the slightest excitement among the shovelers.

President McMahon, of the grain shovelers' union, branded the story as ridiculous.

A Toronto special said in part: The Dominion government has ordered Chief Inspector Murray, of the Provincial police, to go to Niagara Falls, Ont., to investigate the explosion in the Welland canal lock at Thorold. Inspector Murray, in an interview at Toronto, expressed the belief that the explosion is part of a Fenian plot.

Several months ago it was said to be feared that as soon as spring opened the Fenians would begin offensive operations in Canada. This is supposed to be the first stroke. The attempt to blow up the lock is characterized in Toronto as malicious mischief. Troops would not be moved by canal in case of trouble with Fenians.

MAY HAVE FOUGHT

DECISIVE BATTLE.

Believed British and Boers May Have Come Together—General DeWet Reported Dead.

LONDON, April 23.—It is quite probable that by this time General Sir Henry Rundle has fought a decisive battle with the Boers. He entrenched himself Saturday to await the arrival of General Campbell with the Sixteenth brigade. That commander arrived Saturday evening, and news may therefore be expected at any moment.

It is still impossible to ascertain the position of affairs at Bloemfontein, or to learn when the long expected advance northward will begin. The dispatches conflict regarding the state of the preparations.

LONDON, April 23.—A dispatch to The Daily News, from Lorenzo Marques, dated Friday, says:

General DeWet is reported to have been killed.

LONDON, April 23.—The Lorenzo Marques correspondent of The Times, under Saturday's date, says:

"Information received from responsible sources shows that at one time the two republics had 105,000 men in the field, including the Colonial rebels. According to the same informant they can still muster 80,000."

MASERU, Basutoland, April 23.—General Brabant's advance guard reached

Bushmann's kop Saturday evening. The Boers held a strong position here, with two guns.

The engagement opened at sunrise, with heavy rifle fire. About 6:30 canonading began, and continued for several hours.

General Brabant's forces are on the plains, and have fairly open country all the way to Wepener.

Evidently the Boers attacked Colonel Dalgety Sunday.

Colonel Dalgety heliographed Sunday: "All well. Boers fired 300 shells yesterday, without doing much damage."

MAZERU, Basutoland, Saturday, April 21.—Evening—Four Boer guns have been hard at work all day on Colonel Dalgety's position. The British guns have replied at intervals.

The Boers are divided into three divisions, two being in positions to repel the relief columns, the distant roar of whose artillery is audible.

The Basutos are posted on the border for defensive purposes. They are behaving in orderly fashion, but are showing the most intense interest in the outcome of the developments of the next 24 hours.

GEN. RIVERA TO RESIGN.

Wants to Be Free to Take an Active Part in Politics In The Island of Cuba.

HAVANA, April 23.—General Ruiz Rivera, secretary of agriculture, has had a long interview with Governor General Wood regarding the letter which he wrote urging a union of political parties and an unanimous demand of independence by the end of 1901. General Rivera will probably resign early this week from his official position.

The Cubano predicts that the remaining secretaries will do likewise, as it is recognized that General Rivera holds a powerful influence. Other secretaries who have been seen, however, say that the resignation of the secretary of agriculture will not affect them. They gave it as their belief that the National party will be benefited by General Rivera's resignation, as his official position has hampered his usefulness as a campaigner.

In the course of an interview General Rivera informed Governor General Wood that he had not meant any personal courtesy, but he is of the opinion that he would prefer to be intrammeled by office, so that he might speak out his mind on political matters without embarrassing the government.

Making Money Off British.

KIMBERLEY, April 23.—A letter from Bloemfontein says that the Free Staters are coining money out of the British occupation. Bread is 2 shillings a loaf, sugar 2 shillings 6 pence per pound and Swiss milk 3 shillings a tin. Other articles are proportionately high.

Killed His Wife; Failed to Suicide.

SYRACUSE, N. Y., April 23.—John Hughes, aged 60 years, shot and killed his wife, Hannah Hughes, and seriously wounded Elizabeth Lyons, aged 16 years, as the women were leaving St. Vincent de Paul's church. He then went to the house of a friend a mile distant and attempted to commit suicide by stabbing himself near the breast with a pair of shears. He was found there by the police and arrested. He and his wife were parted. Elizabeth was shot in the leg by a stray bullet.

A GREAT TRUTH.

All organized living things, whether belonging to the animal or vegetable kingdom contain within themselves the germs of death and decay.

Germs of disease are often generated within the human system through imperfect digestion of food, producing various poisons which scientists have denominated *ptomaines*. A stomach weakened by abuse, gorged with over eating or over burdened with hot bread, too rich or greasy foods or those too highly seasoned, becomes weakened and fails to thoroughly digest the food. A heavy, sodden mass is accumulated in the stomach to ferment as the first step in its decay, giving off foul gasses to distend the stomach, and poison the blood, until it becomes thin, weak and lacking in the red corpuscles so necessary to perfect health.

The over distended stomach presses upon the heart, and the latter organ is also disturbed through sympathy, the same system of nerves being distributed to both organs. Thus palpitation and irregular action of the heart with its attendant shortness of breath, result, and in time, disease of the heart itself is established.

The gases and other poisons generated from undigested, fermenting and decaying food in the stomach cloud the brain, causing headaches, and pain in the eyes.

Being absorbed into the blood these poisons reach every part and organ of the system. The kidneys are thereby poisoned, causing Bright's disease and diabetes. Filtering through the skin, troublesome skin diseases often show themselves.

Every organ and every nerve, depending as they do for their nourishment and renewal upon the stomach, weak digestion shows itself not alone in loss of appetite and flesh, but also in nervousness, debility, bad complexion and many other derangements.

Dr. Pierce's Golden Medical Discovery tones and regulates the stomach; stimulates the digestive juices; invigorates the torpid liver; promotes intestinal strength; clears bilious poisons and diseased germs out of the circulation; gives the blood-making glands keen assimilative power, and furnishes Nature with the fresh, abundant nutrition out of which she manufactures firm flesh, strong muscles, clear skin, healthy lung tissue and nerve-fiber, and gives sound, enduring, active energy to the whole system.

BISHOP MULLIN DEAD.

The Roman Catholic Prelate Expired at Erie, Pa., after a Long Illness.

ERIE, Pa., April 23.—Rt. Rev. Tobias Mullin, bishop of the Roman Catholic diocese of Erie, died after a long illness. He was stricken with paralysis three years ago, but, having slightly improved, continued to officiate until the appointment of Coadjutor Bishop Fitz Maurice, about two years ago, when he was relieved of the cares of the office. Bishop Mullin was appointed to the charge of Erie diocese August 2, 1868. The distinguishing work of his administration was the erection of a splendid cathedral at the corner of Tenth and Sassafras streets, this city.

The bishop was widely known in this community and highly respected by all without regard to church affinities. His end was peaceful.

WILLIAMS FOR VICE PRESIDENT.

Massachusetts Democrats Enthusiastic Over the Proposal.

BOSTON, April 23.—Nineteen of the 30 delegates from this state to the national Democratic convention, together with a number of alternates, met in this city to arrange the details of their trip to Kansas City.

George Fred Williams was elected permanent chairman of the delegation. Information from other New England states was to the effect that their delegations would accompany the Massachusetts men.

The mention of George Fred Williams as a possibility for vice president provoked intense applause, but no formal resolutions endorsing any candidate for any office were adopted.

ROBBERS TO BE DEPORTED.

Passengers Admitted Their Crime on Reaching New York.

NEW YORK, April 23.—Adelbert Woi-czech Bogdamosky and Anton Rody, alias Anton Koschinowsky, who arrived in this port on Saturday on the steamship Palatia, will be sent back to their homes when the Palatia next sails. The men admit that they were implicated in a daring burglary in Lemberg, Galicia.

Some time ago they, in company with two others, broke into a furniture store in Lemberg and blew open the safe. They got about 10,000 florins. In escaping the burglars almost killed the proprietor of the store. Two of the men have been arrested on the other side.

A Sure Test.

"Are you sure she is as gentle and patient and amiable as she seems?" asked the friend.

"Not quite sure," answered the young man who is in love, "but I'm going to find out."

"How?"

"I'm going to get her to call somebody up over a long distance telephone and then watch her."

ONE ARMED SMITH TOLD TO GET OUT

He Managed to Get Drunk Saturday Night and Was Arrested.

MAYOR WON'T BE BOtherED

With Him and If He Is Caught Here Again He Will Go to the Works.

SEVERAL CASES DISPOSED OF.

Police business was good Saturday night and Sunday and as a result Mayor Davidson disposed of five cases.

One-armed Smith, the lead pencil vendor, who makes his home at the Beaver county infirmary, was gathered in Saturday night. He had a beautiful jag and was placed in jail over night in order to sober up. Yesterday Mayor Davidson gave him half an hour to get out of the city and told him if he was caught here again he would get a trip to the works. He asked for three minutes to put on his shoes and the last seen of him he was making tracks toward Beaver as fast as he could go.

George Kennedy and Mose Swindells were arrested yesterday afternoon by Officers Wood and McDonald. They were both drunk and when arrested were enjoying themselves to their hearts' content. Mayor Davidson gave them \$6.60 each and they paid up.

Officer Morris arrested William Anderson yesterday on Sixth street. Anderson had more than he could stand and when the officer got him he was doing his utmost to pull a pail from a fence in his efforts to keep from falling. Morris assisted him to the patrol wagon and he was furnished with a place to lie down. It cost him \$5.60.

James Penny was drunk this morning when Officer Mahoney arrested him. He is still in jail and will not be given a hearing until he sober up.

Freddy Bloor was a capture by Chief Thompson and he is in jail with a charge of indecent exposure against him.

WILLIAM E. RYAN.

Well Known Resident Died Yesterday After a Short Illness With Pneumonia.

William E. Ryan, aged 41, died at his home on Railroad street, in the rear of the power house, at 1:20 o'clock yesterday afternoon after a short illness. He was able to work last Monday and on Wednesday became ill with pneumonia, which resulted in his death.

The funeral services will be held tomorrow morning at 7:30 o'clock at St. Aloysius' church. Interment will be made in the Catholic cemetery.

NOT IN IT.

Mayor Davidson Don't Propose to be Annoyed With Details of Petty Quarrels.

The short time that Mayor Davidson has been in office has convinced him that there are many unpleasant things to contend with and he proposes to nip some of them in the bud.

at the start. He has made a rule that he don't propose to listen to the details of family or children quarrels, and if the parties wish to enter an action they can do so by putting up security for the costs in the case, but won't be bothered with a history of the trouble.

THEY WERE DRUNK.

And the Girls Deemed it Nothing Unusual and Very Funny.

There were three young men in the party. Two of the three were strongly under the influence of intoxicants, while the third was simply jolly. They were met on one of our most public thoroughfares by three nicely costumed young ladies, and an interchange of words and ideas took place, amid hilarity, and when they parted, one of the damsels sang out, evidently very much amused at the tipsy condition of her male admirer:

"Be careful, Freddie, or you'll take a tumble to yourself."

God help our young boys and girls. They are surely becoming accursed, under the awfully demoralizing influence of the open door of the un-American saloon.

SPORTING NOTES.

Mercer Played a Rank Game—Splendid Words for George Carey.

Mercer played poor ball at third for New York Saturday and had two hits, one putout, three assists and three errors.

Dicky Padden is now captain of the Chicago team of the American association.

A sporting paper has the following to say of Carey: "Buffalo has probably the greatest fielding first baseman that ever stepped on the initial bag, George O. Carey. He made his reputation with Minneapolis in the early days of the Western league, and served two years' apprenticeship with the champion Baltimore club. Inability to hit the ball relegated him to the minor league ranks."

The congregation of the First Presbyterian church will not vote this week on a pastor and the date for taking the vote has not been fixed. Rev. R. B. McHatton, pastor of the Herron avenue church, Pittsburgh, will occupy the pulpit of the First church next Sunday morning and evening.

Mary A. McDonald, the 18-month-old daughter of Mr. and Mrs. J. E. McDonald, died Sunday morning at their home in Thompson place from an attack of spinal meningitis. The funeral services will be held from the house tomorrow afternoon at 1:30 o'clock.

Interment at Riverview. The sorrow stricken father and mother have the sympathy of the entire community in their sad bereavement.

Went to Lisbon.

Several people went to Lisbon this morning to testify in the inquest of lunacy being held on William Voght, of this city. Ed. Geon and Officer Gill were two of the witnesses.

PENNSYLVANIA AVENUE DIRT

Will Be Used and the City Will Save Some Money on the Deal.

THE TRACKS WILL BE MOVED.

The street railway company will widen the roadway at the power house and will move their tracks out.

The dirt to be used in widening the roadway will be taken from Pennsylvania avenue, and Messrs. Marshall and Peach went over the road with Manager Healy this afternoon and the city engineer gave the street railway company the grade on Pennsylvania avenue and they will take all the dirt from this street at the same time grading it and widening to the proper width. This action will not only save money to the city, but will be an accommodation to the street railway company.

The road at the power house has long been a question for council to discuss at their meetings and they will be glad to learn that the road is at last to be improved. The street railway company expect to put the road in first-class shape and when they have finished there will be no danger of any more wagons being broken at the power house.

Mr. J. W. Richards and family left for Columbus today. Mr. Richards has been connected with the S. G. Hard company for the past four years as salesman. He has made a host of friends in this city, who will learn with regret of his departure. He has accepted a berth with Mr. Val. Loewre, furniture and carpet dealer. The News Review wishes Mr. Richards a full share of success and prosperity in his new position.

The Blinds Were Up.

Last night people on Second street were treated to a scene not down on the bills. A young man and his best girl were telling each other of their warm love and were interspersing the remarks with an occasional squeeze and kiss. They forgot to pull down the blinds and a large audience collected. Finally some one laughed and the blinds went down in a hurry.

EAST END.

L. O. Jones, who has resided in the suburb for several years, will move his family to Wheeling soon. He is a painter and has secured employment in that city.

Oscar Michael is very ill at the home of his parents on Mulberry street threatened with typhoid fever.

The motormen at their regular meeting Saturday evening will oblige several new candidates.

The printers at the Laughlin pottery No. 2 did not work Saturday on account of a scarcity of ware. They resumed work this morning.

John Arnold, of First avenue, who has been visiting his mother near Marietta for several days, returned home Saturday evening. Mrs. Arnold has been quite ill, but her condition has greatly improved during the past week.

The work has been begun on the erection of the new kilns intended to be built at the sewer pipe works. All the brick made while C. A. Smith had control of this plant are still piled in the yards, and the new kilns will be built from these brick.

Richard Ferran, who has been employed as a motorman by the street railway company for several years, has resigned his position. He will return to his trade, that of a sagger maker.

Mrs. Hutchinson, of St. George street, is under the care of a physician.

The bricklayers were to start today upon the erection of the walls of the new school building on Erie street. The carpenters on Saturday finished placing the joists for the first floor. With good weather the brick will be one story high within a few days.

The funeral services over the remains of Thomas Smith were held yesterday and a large number of friends of the deceased were present. Interment was made in Long's cemetery.

The new decorating kiln at the Laughlin pottery will be used for the first time by the last of the week. While the kilns and kiln shed have been completed for several days, the gas connections have not been made.

The committee of Senior Mechanics, composed of Thomas Putnam, William English and W. B. Thomas, who have been looking after a site for the new lodge building which is proposed to be built, will make a final report of their work at the meeting next Thursday evening. Several sites can be secured, but no purchase will likely be made for several weeks.

A small child of Mr. and Mrs. George Hutchinson, of St. George street, is very ill.

The electric bell at the Mulberry street corner is again out of order.

"THE SIGN OF THE CROSS."

Rev. Edwin Weary's Special Sermon to the Sons and Daughters of St. George.

The Sons of St. George attended services at St. Stephen's Episcopal church yesterday morning, accompanied by about 36 members of White Rose Lodge, Daughters of St. George. The parish building was beautifully decorated with roses and the attendance was large, in fact, the parish building was crowded. Rev. Edwin Weary took as his subject: "The Sign of the Cross," and his remarks were in the main upon St. George, the patron saint of England. The annual festival has been observed since 1222. The history of the order since its organization was reviewed and the services as a whole were very interesting.

Distinguished Visitor.

An Arabian was furnished with sleeping quarters at city hall Saturday night. He didn't give his name.

SOUTH SIDE.

The Christian church at New Cumberland is without a pastor.

Mrs. Williams, of Oak Run, near Fairview, who died suddenly last Thursday, was buried Saturday. The funeral was largely attended.

J. H. Cullen, of Fairview, and family will remove to Kenilworth this week.

Thomas Wern is attempting to form a company to drill another test well in the vicinity of Fairview, but it is doubtful if he succeeds. There have already been a number of dusters in this section.

A resident of Fairview who spent several days in town last week told a number of friends that there was lot of business in Chester and that it would only be a short time until it will be the business town of Hancock county.

The first ball game of the season was played at Rock Spring last Friday afternoon between two picked nines.

Saturday a lot of small rails were received at the Chester rolling mill to be used in the galvanizing building. The rails will be run from this department to the mill proper.

Wesley Wilson, of Fairview, who has been critically ill for several weeks, is reported to be recovering.

Rev. R. M. Denny preached at the Chester chapel last evening.

R. E. Campbell will have a sale at his home next Wednesday.

The foundation for the machine shop and foundry is about completed and work on the upper structure will be started within a few days.

Edward Bennett and John Wells are the prime movers in the organizing of the Chester ball club. A game will be played with the Fairview team early next month.

Rev. W. B. Gillis, who had charge of the Chester U. P. chapel last summer, is expected to arrive here from Xenia within a few days. He has been attending a theological seminary at Xenia for several months.

Mr. and Mrs. C. Wetzel left this morning for Waynesburg, where they will remain several days.

CHINaware SUITS.

Order of Deers Files an Answer in That American China Company Suit.

The Order of Deers, an auxiliary to the lodge of Elks, of Allegheny, Pa., which was sued by the American China company, of Toronto, to recover \$1,930 for plates and other china furnished as souvenirs during the Elk's street fair and carnival in Allegheny last summer, has filed an answer in which its claims the sample was of better grade than the goods sent; that many of the goods were not received, some were broken in transit and all were shoddy and unsalable; that even the horns on the elk's heads were detached in the decoration, and the elk's heads were made to appear on the china, they allege in some cases without nostrils, in others without eyes and in others without mouths. The work on the china was imperfect and the decorations poor.

The answer further says that the ladies tried to sell the goods, because they were stamped with elk's heads and might be a complete loss to the company. Nearly a hundred women went to work and made an honest effort to help the china company out of its difficulty. The result of the sales was but \$1,158.62, which was tendered to the plaintiff in settlement, but was refused. This sum they are willing and anxious to give them at any time. Nearly every Elk's wife in Allegheny will be taxed should they lose the case.

Fixed the Value.

The appraisers fixed the value of the stock in the store of J. M. Vaughan at \$400.

THE WALNUT STREET DEN.

The Article Lately in the News Review Has Stirred the Animals Up.

The house of ill fame and den of assignation on Walnut street was stirred from top to bottom with hot anger against the News Review the other day, in consequence of the article which appeared in these columns. Prominent men of the city have been visiting there, and the publicity thus given the den has caused them much annoyance and discomfort. The next move will be a "pull" of the vile place, despite all the influence and power which will attempt to check it. And right here let us state that, when the officers do make their raid, and gather in, when least expected, these cheeky and brazen men of wealth and so-called position, their real names will appear in these columns, no matter what fictitious name may appear on the magistrate's docket. It is high time that wickedness in high places shall be called down and justice, plain, unvarnished justice, be meted out to the offenders. We have given plain warning and we mean plain printing of real names. Be wise, oh ye would-be cunning and artful dodgers, and avoid the house of death and the scarlet woman.

FOUND MORE MONEY.

And It Is Earnestly Desired That More and More May Be Found.

When counting the money at the First M. E. church on Sunday, April 15, a plate of money was undiscovered, being covered over in some manner. This plate contained the sum of about \$37.00. Of course this has been since added to the India famine fund, and another consignment of cash will be immediately forwarded by the pastor of the church.

Men and women seem to have their hearts and pocket books opened under the inspiration of the appeals being made for these suffering ones in India. The expenses of the First M. E. church are covered by about \$25.00 for each Sabbath. These come under the head of "running expenses." Despite the collection taken up for the famine fund on the Sabbath in question, the collection for current expenses was over \$39.00. The Master will see that you lose nothing by feeding his children, your brothers and sisters.

The printers at the Laughlin pottery No. 2 did not work Saturday on account of a scarcity of ware. They resumed work this morning.

John Arnold, of First avenue, who has been visiting his mother near Marietta for several days, returned home Saturday evening. Mrs. Arnold has been quite ill, but her condition has greatly improved during the past week.

The work has been begun on the erection of the new kilns intended to be built at the sewer pipe works. All the brick made while C. A. Smith had control of this plant are still piled in the yards, and the new kilns will be built from these brick.

Richard Ferran, who has been employed as a motorman by the street railway company for several years, has resigned his position. He will return to his trade, that of a sagger maker.

Mrs. Hutchinson, of St. George street, is under the care of a physician.

The bricklayers were to start today upon the erection of the walls of the new school building on Erie street. The carpenters on Saturday finished placing the joists for the first floor. With good weather the brick will be one story high within a few days.

The funeral services over the remains of Thomas Smith were held yesterday and a large number of friends of the deceased were present. Interment was made in Long's cemetery.

The new decorating kiln at the Laughlin pottery will be used for the first time by the last of the week. While the kilns and kiln shed have been completed for several days, the gas connections have not been made.

The committee of Senior Mechanics, composed of Thomas Putnam, William English and W. B. Thomas, who have been looking after a site for the new lodge building which is proposed to be built, will make a final report of their work at the meeting next Thursday evening. Several sites can be secured, but no purchase will likely be made for several weeks.

A small child of Mr. and Mrs. George Hutchinson, of St. George street, is very ill.

The electric bell at the Mulberry street corner is again out of order.

"THE SIGN OF THE CROSS."

Rev. Edwin Weary's Special Sermon to the Sons and Daughters of St. George.

The Sons of St. George attended services at St. Stephen's Episcopal church yesterday morning, accompanied by about 36 members of White Rose lodge, Daughters of St. George. The parish building was beautifully decorated with roses and the attendance was large, in fact, the parish building was crowded. Rev. Edwin Weary took as his subject: "The Sign of the Cross," and his remarks were in the main upon St. George, the patron saint of England. The annual festival has been observed since 1222. The history of the order since its organization was reviewed and the services as a whole were very interesting.

THE WALNUT STREET DEN.

The Article Lately in the News Review Has Stirred the Animals Up.

The house of ill fame and den of assignation on Walnut street was stirred from top to bottom with hot anger against the News Review, the other day, in consequence of the article which appeared in these columns. Prominent men of the city have been visiting there, and the publicity thus given the den has caused them much annoyance and discomfort. The next move will be a "pull" of the vile place, despite all the influence and power which will attempt to check it. And right here let us state that, when the officers do make their raid, and gather in, when least expected, these cheeky and brazen men of wealth and so-called position, their real names will appear in these columns, no matter what fictitious name may appear on the magistrate's docket. It is high time that wickedness in high places shall be called down and justice, plain, unvarnished justice, be meted out to the offenders. We have given plain warning and we mean plain printing of real names. Be wise, oh ye would-be cunning and artful dodgers, and avoid the house of death and the scarlet woman.

A resident of Fairview who spent several days in town last week told a number of friends that there was lot of business in Chester and that it would only be a short time until it will be the business town of Hancock county.

The first ball game of the season was played at Rock Spring last Friday afternoon between two picked nines.

Saturday a lot of small rails were received at the Chester rolling mill to be used in the galvanizing building. The rails will be run from this department to the mill proper.

Wesley Wilson, of Fairview, who has been critically ill for several weeks, is reported to be recovering.

Rev. R. M. Denny preached at the Chester chapel last evening.

R. E. Campbell will have a sale at his home next Wednesday.

The foundation for the machine shop and foundry is about completed and work on the upper structure will be started within a few days.

Edward Bennett and John Wells are the prime movers in the organizing of the Chester ball club. A game will be played with the Fairview team early next month.

Rev. W. B. Gillis, who had charge of the Chester U. P. chapel last summer, is expected to arrive here from Xenia within a few days. He has been attending a theological seminary at Xenia for several months.

Mr. and Mrs. C. Wetzell left this morning for Waynesburg, where they will remain several days.

CHINAWARE SUITS.

Order of Deers Files an Answer in That American China Company Suit.

The Order of Deers, an auxiliary to the lodge of Elks, of Allegheny, Pa., which was sued by the American China company, of Toronto, to recover \$1,930 for plates and other china furnished as souvenirs during the Elk's street fair and carnival in Allegheny last summer, has filed an answer in which its claims the sample was of better grade than the goods sent; that many of the goods were not received, some were broken in transit and all were shoddy and unsalable; that even the horns on the elk's heads were detached in the decoration, and the elk's were made to appear on the china, they allege in some cases without nostrils, in others without eyes and in others without mouths. The work on the china was imperfect and the decorations poor. The answer further says that the ladies tried to sell the goods, because they were stamped with elk's heads and might be a complete loss to the company. Nearly a hundred women went to work and made an honest effort to help the china company out of its difficulty. The result of the sales was but \$1,158.62, which was tendered to the plaintiff in settlement, but was refused. This sum they are willing and anxious to give them at any time. Nearly every Elk's wife in Allegheny will be taxed should they lose the case.

MORE WORK FOR THE FIRE CHIEF

He Shall Assist the State Fire Marshal In Carefully Investigating Every Fire.

FIRE MUST BE REPORTED

By the Chief One Week After They Have Occurred and the Marshal Shall Keep a Record.

GOOD JOB FOR SOME ONE.

The fire marshal bill which passed the last general assembly is now a law in the state of Ohio.

The bill provides that the governor shall annually, between January 15 and February 1, appoint a state fire marshal and he in turn shall appoint two deputies. The office of the marshal shall be located at Columbus.

It shall be the duty of the fire marshal and the chief of the department in every village or city to investigate every fire in the village or city, find out the probable cause, origin and circumstances and especially find out whether it was by carelessness or design.

The fire marshal can superintend the investigation when he deems it necessary and all chiefs are compelled to notify him in one week after the fire has occurred and he shall keep a careful record of all fires in the state. This record shall at all times be open to public inspection.

He can take testimony under oath and if evidence secured warrants the conviction that an arson has been committed he can have parties arrested and report same to fire insurance commissioner.

He and his deputies shall have the power of trial justices. They can administer oaths and for false swearing can have the persons arrested for perjury. They shall at all times have the right to enter and examine buildings where a fire has occurred. They can use their own discretion as to whether an investigation shall be conducted in private.

The state marshal, chief of department of all villages and cities where a department exists, the mayor where there is none and the clerks of townships can examine buildings at any time and when they find combustible material or anything liable to cause a fire they can order the same removed or remedied. The owner or occupant of the building can appeal within 24 hours to the state marshal and it shall be investigated by him. The orders of the authorities must be carried out or a fine not less than \$10 nor more than \$50 can be imposed for each day's neglect.

Any officer not doing his duty shall be fined not less than \$25 nor more than \$200.

The fire marshal shall receive a salary of \$3,000 per year, the first deputy \$1,800 and the second deputy \$1,500.

For the purpose of maintaining the department the insurance companies doing business in the state shall in the month of December, pay in addition to the taxes now required one-half of 1 per cent on the gross premium receipts on all business done in Ohio the year next preceding. The superintendent of insurance shall cover the money so secured and the fire marshal shall keep an itemized account of the expenses of his department.

The fire marshal shall transact no other business during his term of office and he or one of his deputies shall be in the office all the time. He shall make an annual report to the superintendent of insurance by January 15 of each year and the super-

VOTE ON THE QUAY CASE TOMORROW.

Senate Will Decide Beaver Man's Right to a Seat—Other Cases This Week.

WASHINGTON, April 23.—The senate will give considerable attention during the present week to questions of privilege involving three seats in the senate. Under the unanimous consent agreement, reached on the 10th inst., the resolution declaring Senator Quay not to be entitled to a place in the senate probably will be voted upon at 4 o'clock tomorrow, and in the meantime several speeches will be made upon the resolution. An intimation has been given of a possible effort to postpone the case further, on the ground that there is not sufficient time left before the date set for the vote within which to deliver all the speeches senators desire to make on the resolution, but if a movement is made in that direction it will be stoutly resisted.

It would be an exceptional occurrence if the unanimous agreement should be set aside. Among those who are still expected to speak in Mr. Quay's behalf are Senators Penrose and Chandler, while Senators Platt, of Connecticut; Hale and Lindsay will probably speak in opposition to his claims.

The leaders on both sides are claiming victory, but they do not in either case give figures on the result.

After the Quay vote is taken Senator McComas, who as a member of the committee on privileges and elections, has had charge of the protest against Senator Scott's continuing to occupy his seat as a senator from West Virginia, will call up the resolution in that senator's behalf and ask for immediate consideration. The prospect is that there will be little or no debate on this resolution, as the report of the committee is in line of senate precedents.

The report of the committee on elections in the Clark case, it is positively announced, will be made today, and it is the intention of the committee to see that it be taken up as soon as the Quay and Scott cases are disposed of. How much time this case will consume will depend largely, if not wholly, upon Mr. Clark himself. He still says that he will not decide upon any line of action until the report of the committee is made public. If he should elect to continue the contest there would be more or less delay for the preparation of speeches.

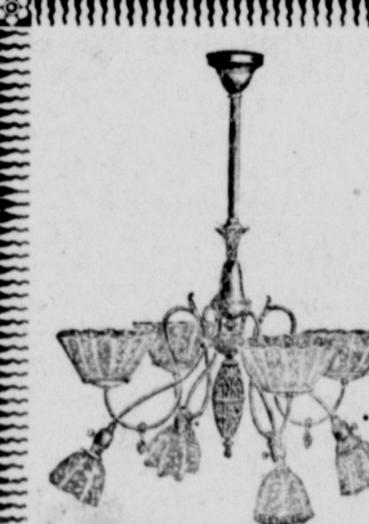

NAVAL BILL PASSES THE HOUSE.

It Went Through With the Armor Plate Provision Stricken Out.

WASHINGTON, April 23.—The naval bill passed the house Saturday.

Mr. Underwood, whose filibuster had brought affairs to a temporary standstill, explained that there was no purpose in delay, but merely to insist that time be given for consideration and that a vote be taken on the government armor factory proposition. Mr. Vandiver submitted this proposition in a motion to recommit the bill with instructions to the naval committee to frame a provision for a government factory. The instructions were ruled out, and subsequently the motion to recommit was disagreed to without division. The bill was thereupon passed without a record vote. As finally adopted the measure provides two battleships, three armored cruisers and three protected cruisers, and the \$545 figure on armor is stricken out.

After 1 p. m. the house devoted itself to envoys on the late Representative Settle, of Kentucky.

THE EVANGELIST.

Duncan MacGregor is a power on the platform. It is a pleasure to listen to him. Don't fail to avail yourself of this pleasure. He preaches sound doctrine, good to live by and good to die by. You will be accorded a warm welcome at Y. M. C. A. hall.

FAMINE FUND.

The famine fund continues to develop in this city. Rev. Clark Crawford has already received between \$160 and \$170, and funds have been sent on from other churches and other sources. This city should send, without feeling the loss, at least \$1,000. How much will you give? Speak out now, and follow your speech with your money. Don't hesitate. Hesitation may result in loss of life.

CIGARETTE FIENDS.

They are in our city. They are mere bits of boys. They claim that they try to break away from the use of the abominable things, but that the passion for them is stronger than their will. Good citizens should unite against the men who sell the accursed things to the youngsters. In fact, there should be a united effort made by conservative citizens, by fathers and mothers, against the sale of cigarettes to any one, young or old. Can it be done here?

BEHAVE IN CHURCH.

If you cannot behave, then stay at home and take lessons in common decency and propriety, until such time as you have reached the age of common sense. We have reference to the boys and girls who were misbehaving in the rear seats of the M. E. church yesterday at the morning service, when the pastor was engaged in an earnest prayer for God's blessing on sinful men and women. One of the worst behaved of the girls was sporting a bright pink shirt waist. Her costume was all right and her conduct all wrong. The boys in the seat in rear of the girls should have been taken over their fathers' knees and a clapboard applied in a

vehement manner to their anatomy. Repetition of this bad conduct may result in both boys and girls being summoned before the mayor.

FOR OR AGAINST.

Watch the fellow who attempts to make use of you. The fellow who has no true friendship for individual or party. The fellow who tries to work all classes and all parties, with the one aim in view—that of feathering his nest and lining his pockets. He is right in our midst. He imagines himself brainy and competent. Watch him. He is on the down grade. His race is almost run. Men are in demand, and he don't fill the bill. Don't get caught in his snare. Forewarned should be forearmed. Don't permit yourself to be made the laughing stock of the city by investing with him. His gold bricks will turn into the same material as his cheek-brass.

SIXTH STREET DEN.

If Mayor Davidson and Marshal Thompson desire the good will and backing of conservative and law-abiding citizens, they will pay close attention to a Sixth street dive, a den where intoxicants are said to be sold freely on the Sabbath day. The officers mentioned will have no difficulty in locating the lawbreaker; the only difficulty will be in detecting him, as he is a cute customer, and long practice has rendered him very astute and cunning. The pitcher that is carried often to the well is eventually broken, however, and this pitcher should be broken all to pieces, as the dive and its proprietor are proving to be awful curses to East Liverpool and her young men. A detective from a distance would prove a good feature, and there is plenty of money to back such a venture on the part of our local authorities. The detection and punishment of the outlaw in question will prove of great benefit to the city at large and make lasting friends, friends worth having, for our leading executive officers.

River Notes.

The marks at the wharf this morning registered 8.6 feet and rising. The rain of last night was general throughout the upper valley, and a coal shipping stage is expected within a few days. Yesterday afternoon a boy who looked to be about 16 years of age was driving a team about the city. The boy was drunk and a member of council endeavored to find a policeman to look after him, but the boy got off the streets before an officer was located.

AT Y. M. C. A. HALL.

The Evangelistic Meetings Are Providing Benefit to the City.

Duncan MacGregor, the evangelist, addressed a fine audience on Sunday afternoon at Y. M. C. A. hall. His subject was as to the recognition of our friends and loved ones in heaven. He is an eloquent and forcible speaker, and his description of the scene of Elijah's translation was simply superb. He argued that, just as soon as Elijah's feet left this material earth, he became a spiritualized being; and yet Elisha, as his friend ascended, was able to recognize his face and form. The speaker then depicted the death bed scene of a noted English Christian worker, and went on to show how the dying man, rational and in full possession of his senses, was permitted to see and recognize a loved one who had passed over the great divide many years before. A description was also given of the death bed of Maggie McMillen, a young lady who had been a professor of religion and a church worker, but who had wandered into the paths of infidelity, and scoffed at the Bible, the blessed Christ and the God whom her mother served. Stricken by disease, in her dying hour she sent for Evangelist MacGregor, then her pastor, and lamented, in agony, her foolishness and despaired of being saved. Rev. MacGregor quoted the "whosoever will" to the poor girl, and the latter finally asked her mother to sing the grand old hymn, "Oh, For a Thousand Tongues to Sing My Great Redeemer's Praise," the Master blessing her during the singing thereof. The leader of the infidel club was sent for, and the dying girl told him of the wonderful love of Jesus and of her full and free forgiveness at the Master's hands. After her death, a wonderful and long-continued revival of religion took place in the immediate neighborhood, and great good was accomplished.

As the young lady was dying, she turned to her aunt and said, referring to a cousin residing in far-distant California: "Oh, aunt, I saw Nellie; she was all dressed in white and looked, oh so beautiful." The aunt thought the mind of her beloved niece was wandering and she questioned her respecting her vision, and again received the same answer. The next day after the death of Maggie McMillen, the aunt received the sad news of the sudden death of her daughter Nellie. The speaker argued that Miss McMillen was gifted with spiritual vision in her dying moments. He also cited the death of the lamented Moody, of whom his son said that his father had passed over the river three different times before his final demise, and been gifted and blessed with a sight of the beautiful city, of the houses not made with hands.

Ed. MacIntosh sang at the afternoon meeting, rendering "Abide With Me." Song service was a very pleasing feature at night, a large choir being present. Miss Emma Maple rendered

two solos much to the gratification of the audience.

The evangelist took as his subject "The Fast Young Man, Riding His High Horse to Doom." The speaker painted mind pictures of the awful doom of men who defy God and live lives of vice and of wickedness. He demonstrated the fact that "as a man sows, that shall he also reap." The speaker is evidently thoroughly posted as to the awful curse of the rum traffic in this great nation, so otherwise blessed by the hand of the Master, and he believes that awful punishment will yet come upon our people in consequence of our government legalizing the damnable liquor traffic. Evangelist MacGregor has been urged to deliver his famous lecture against intemperance while here, a lecture which has attracted widespread attention in the east, and he may possibly do so.

Several men and women held up their hands yesterday and desired the prayers of God's people. One man came forward to the front seats last night who had formerly been an effective mission worker, but who had fallen by the wayside in consequence of the accused drink demon overcoming him. You have a cordial invitation to attend the meeting at the Y. M. C. A. hall tonight. Services begin at 8 o'clock.

THE EVANGELIST.

Duncan MacGregor is a power on the platform. It is a pleasure to listen to him. Don't fail to avail yourself of this pleasure. He preaches sound doctrine, good to live by and good to die by. You will be accorded a warm welcome at Y. M. C. A. hall.

FAMINE FUND.

The famine fund continues to develop in this city. Rev. Clark Crawford has already received between \$160 and \$170, and funds have been sent on from other churches and other sources. This city should send, without feeling the loss, at least \$1,000. How much will you give? Speak out now, and follow your speech with your money. Don't hesitate. Hesitation may result in loss of life.

CIGARETTE FIENDS.

They are in our city. They are mere bits of boys. They claim that they try to break away from the use of the abominable things, but that the passion for them is stronger than their will. Good citizens should unite against the men who sell the accursed things to the youngsters. In fact, there should be a united effort made by conservative citizens, by fathers and mothers, against the sale of cigarettes to any one, young or old. Can it be done here?

BEHAVE IN CHURCH.

If you cannot behave, then stay at home and take lessons in common decency and propriety, until such time as you have reached the age of common sense. We have reference to the boys and girls who were misbehaving in the rear seats of the M. E. church yesterday at the morning service, when the pastor was engaged in an earnest prayer for God's blessing on sinful men and women. One of the worst behaved of the girls was sporting a bright pink shirt waist. Her costume was all right and her conduct all wrong. The boys in the seat in rear of the girls should have been taken over their fathers' knees and a clapboard applied in a

vehement manner to their anatomy. Repetition of this bad conduct may result in both boys and girls being summoned before the mayor.

FOR OR AGAINST.

Watch the fellow who attempts to make use of you. The fellow who has no true friendship for individual or party. The fellow who tries to work all classes and all parties, with the one aim in view—that of feathering his nest and lining his pockets. He is right in our midst. He imagines himself brainy and competent. Watch him. He is on the down grade. His race is almost run. Men are in demand, and he don't fill the bill. Don't get caught in his snare. Forewarned should be forearmed. Don't permit yourself to be made the laughing stock of the city by investing with him. His gold bricks will turn into the same material as his cheek-brass.

STOPPED A FIGHT.

TWO YOUNG MEN ENGAGED IN A QUARREL LAST NIGHT.

A fight occurred at the corner of Mulberry alley and Fourth street last night, but the appearance of a prominent citizen prevented the parties from being arrested. The prominent citizen and his wife were walking along the street when they noticed a young lady standing on the sidewalk and loud talking taking place in the alley. The gentleman went back and arrived just in time to see one person who was called Ed. hit the other man. The gentleman interfered, but did not succeed in stopping the fight until Ed. had given his adversary a fairly good thrashing. Ed claimed the other party had insulted his girl, and only a threat that the patrol would be called stopped the fight. After Ed. had departed another man stepped up and wanted to follow him, but the gentleman who had acted as peacemaker told him to go home or he would be arrested. It is not known who the parties are, and the person who separated them didn't know any of them.

STOPPED A FIGHT.

Two Young Men Engaged in a Quarrel Last Night.

A fight occurred at the corner of Mulberry alley and Fourth street last night, but the appearance of a prominent citizen prevented the parties from being arrested. The prominent citizen and his wife were walking along the street when they noticed a young lady standing on the sidewalk and loud talking taking place in the alley. The gentleman went back and arrived just in time to see one person who was called Ed. hit the other man. The gentleman interfered, but did not succeed in stopping the fight until Ed. had given his adversary a fairly good thrashing. Ed claimed the other party had insulted his girl, and only a threat that the patrol would be called stopped the fight. After Ed. had departed another man stepped up and wanted to follow him, but the gentleman who had acted as peacemaker told him to go home or he would be arrested. It is not known who the parties are, and the person who separated them didn't know any of them.

REBELS SLAUGHTERED

Bloody Week In Rebellion In Philippines.

ABOUT 1,600 DEAD OR MAY DIE.

Three Hundred and Seventy-Eight Killed and Many More Likely to Perish From Their Wounds — American Loss Was Nine Killed and 16 Wounded.

MANILA, April 23.—Last week was one of the bloodiest of the war since the first day's fighting around Manila. Authentic reports, mostly official, show a total of 378 Filipinos killed, 12 officers and 244 men captured and many more wounded. The number wounded is hardly guessable. Considering that the Filipinos entirely lack hospital facilities, a great majority of the wounded will die. Probaby the week's work finished 1,000 insurgents.

The Americans' total loss was nine killed and 16 wounded. Two sergeants and one private were killed in ambuses while escorting provision trains.

Twenty Filipinos in the province of Batangas attacked Lieutenant Wonde, who, with eight men, was scouting near San Jose. The lieutenant and five men were wounded and one private was killed.

Sergeant Ledolus, of the Thirty-fifth infantry, was badly wounded in an ambush near Ballud. Lieutenant Calch, of the Thirty-fifth infantry, with 70 men had a five-hours' fight with 400 insurgents in the Neiva Careras district. Twenty of the insurgents were killed.

Colonel Smith, of the Seventeenth infantry, who captured General Montenegro and brought him to Manila, is in the isolation hospital suffering from smallpox, presumably caught from the Filipinos.

Colonel Smith's command captured 180 officers and men with Montenegro. The officers were brought to Manila. Montenegro, who was formerly one of the most dapper officers in the Filipino army, looks worn and haggard. He says he has led a terrible life for months, and he has offered to return to the north with Colonel Smith to endeavor to persuade his former comrades of the uselessness of opposing the Americans.

One hundred escaped Spanish prisoners from the province of Tayabas, South Luzon, have arrived at Manila.

The insurgents have 400 more Spaniards in that district. Recently the Filipinos destroyed several rods of railway line near Panique, in an unsuccessful attempt to wreck a train.

The insurgents have been aggressive in almost every province of Luzon. General Pio del Pilar's band, numbering 300, which was out of sight for three months, the leader being reported killed, has reappeared in its old field about San Miguel. Pilar is supposed to be again in command. He gave the American garrison at San Miguel, consisting of three companies of the Thirty-fifth infantry with a Gatling, a three-hour fight during a night attack. The loss of the insurgents in this engagement is not included in the foregoing total, as they removed their dead and wounded, but presumably it was considerable.

MANILA INVADED BY PLAGUE.

Fourteen Fatal Cases Within a Week. Disease Bred by Filth.

MANILA, April 23.—The sudden deaths of Filipinos and Chinamen in Quiapo market have led to an investigation showing that 15 cases of the plague, 14 of which were fatal, had occurred within a week. The market is located in the center of the city. In black, rotten, wooden buildings the keepers of the stalls live there, with their families, huddled together in great filth. Some of the victims were stricken and died within an hour. There have been several deaths in other sections of the city recently which have been traced to infection from the market.

After all the market people had gathered together the health office threw a guard around the buildings and will keep the inmates quarantined there for a fortnight. They will then burn the market. The total number of bubonic deaths are 119 Chinamen and 66 Filipinos. The plague elsewhere has been suppressed. Not one infected person has been in the Chinese district for 10 days.

Colonel Hardin and Major Case, with a battalion of the Twenty-ninth infantry, have sailed for the islands of Martinique and Mahibeto. It is reported that the insurgents have 250 rifles and 7,000 rounds of ammunition. Dr. Burgos, a prominent native of Martinique and a supporter of the Americans, accompanies the expedition to try to convince the inhabitants of the wisdom of surrender.

TAYLOR LIKELY INDICTED.

It Is Said Prosecution Awaits Completion of Argent In Governorship Case.

FRANKFORT, Ky., April 23.—While the Franklin county grand jury has not adjourned, it is understood that the investigation of the Goebel assassination has been completed. The indictment against Republican Governor Taylor, charging him with being an accessory to the murder, will be held up till after the argument of the governorship contest case, which is docketed for hearing before the supreme court at Washington, April 30, and it is said by persons in the councils of the prosecution that no steps will be taken in the case till after that time.

The rumor that Governor Beckham had been applied to for a requisition is without foundation.

Former Governor W. O. Bradley, leading counsel for Governor Taylor, gave an interview, saying in part:

"Governor Taylor went to Washington, on purely personal business, not connected in any way with the trial of his case.

"Nor do I believe the report to be true that he is in New York, attempting to prevent the honoring of arrears for his return to this state.

"Governor Taylor has publicly declared that he was not and never would be a fugitive from justice, and that if indicted he would respect the law and meet his accusers face to face. Therefore there remains but one course open to him, and that is to return as soon as he can, walk boldly and bravely into court and meet the indictment like a man. Any other course would be rank injustice, not only to himself but to those of his friends who have been accused of so foul a crime. I do not know whether an indictment has been found against Governor Taylor."

THE ECUMENICAL DELEGATES BUSY.

Many Spoke In Churches About New York Sunday—President Attended Church.

NEW YORK, April 23.—Although no session of the ecumenical conference was held Sunday, most of the members of the conference found it a very busy day. With few exceptions they accepted invitations to speak at one of the services held in the several hundred churches of the five city boroughs, and even in the neighboring cities and towns.

President McKinley attended the 11 o'clock service at the Brick Presbyterian church, on Fifth avenue. With him were his brother, Abner McKinley, Secretary Cortelyou, and Mr. and Mrs. Morrit K. Jesup.

The president breakfasted with Mrs. McKinley in their apartments at the Manhattan hotel. Mrs. McKinley was much rested after the trip to this city, but did not feel well enough to attend services.

At the church Rev. J. H. Laughlin, missionary from the province of Shan Tung, China, delivered an address on the progress of Christianity in that country. Although this province is the storm center of the Chinese nation, owing to the residence there of large numbers of the "boxers," he said that the missionaries were doing good service and that the growth of Christianity had been great.

Both going to and coming from the church the president was recognized by many people on Fifth avenue. A small crowd gathered around the hotel, to whom he bowed in an amiable manner.

In the afternoon the president and Mrs. McKinley drove in the park.

The services in other prominent churches in this city were conducted by the most prominent of the missionaries now attending the Ecumenical conference.

CZAR FOUND PEACE IN PRAYER

Writes of the Happiness He Experienced Holy Week.

ST. PETERSBURG, April 23.—Emperor Nicholas has issued an imperial rescript, addressed to Grand Duke Sergius, governor general of Moscow, expressing his gratification at having passed holy week in Moscow. The rescript says in part:

"In the cradle of autocracy, where the saints repose undisturbed, and amid the resting places of the crowned builders and expanders of the Russian empire, our prayers rise with increased strength to the Lord of Lords, in common with the faithful members of our beloved church thronging into the temples, and here calm joy fills the soul in prayer."

ANXIOUS TO HEAR TALMAGE PREACH.

MANCHESTER, April 23.—Rev. Dr. Talmage, on leaving the church here Sunday, where he had preached, was called upon by an immense throng, which had been unable to enter the building, and was urged to speak again. He complied, preaching in the open air.

Richard Croker Well.

LONDON, April 23.—Richard Croker, of New York, is at Wantage and is said to be perfectly well.

STATE CONVENTIONS.

Republicans Meet In Ohio and Pennsylvania This Week.

GROW AFTER A RENOMINATION.

aged Pennsylvanian Wants to Remain In Congress—Laylin to Be Named For Secretary of State in Ohio—Other Probable Nominees at Columbus?

HARRISBURG, Pa., April 23.—The Republican state convention will be held here on Wednesday to nominate candidates for congressman-at-large, auditor general and four presidential electors-at-large, and elect eight delegates-at-large to the national convention at Philadelphia. Colonel Ned Arden Flood, of Meadville, reached here, and was to open headquarters today at the Lochiel hotel for his father, Dr. Theodore L. Flood, a candidate for congressman-at-large. Two persons will be selected for this office, and one of the incumbents, Samuel A. Davenport, of Erie, is not a candidate. The other is Galusha A. Grow, of Susquehanna, who entered congress 50 years ago, and has served three terms as congressman-at-large. He is an active candidate for renomination, and will be here tomorrow to take personal direction of his canvas.

Another candidate who is after this office is Robert H. Foerderer, of Philadelphia, who has been endorsed by a majority of the delegates from that city. Senator E. B. Hardenbergh, of Wayne county, has no opposition for auditor general. It is expected that the party leaders and a majority of the candidates and delegates will reach here by Monday night.

HANNA TO BE CHOSEN.

Will Likely Go as One of the Delegates to Philadelphia—Mannington Withdraws.

COLUMBUS, O., April 23.—The Republican state convention is to be held here Tuesday and Wednesday.

There are but five state officers to be elected this fall, and the most important of them is the secretary of state. The others are judge of the supreme court, state commissioner of schools, state dairy and food commissioner and members of the state board of public works.

For supreme judge John A. Shauck, of Dayton, now serving on the bench, is candidate for nomination for another term, and will get it without opposition. For member of the state board of public works C. A. Goddard, of Portsmouth, now serving his first term in that office, will be nominated for another term without opposition. For state school commissioner the incumbent, Lewis D. Bonebrake, is, by the unwritten law of the party, entitled to a second term, and will probably get it. Messrs. Shauck, Goddard and Bonebrake are serving their second terms, and ordinarily there would be no question about their nomination.

The case is quite different with State Food Commissioner Blackburn. He is finishing his second term, and the rule against third terms is strong except in the case of judges of the supreme court.

It was a matter of some surprise when Commissioner Blackburn announced his candidacy for another nomination. Four other persons have entered the race for this nomination—S. C. Wheeler, of Sandusky; Byron Lutz, of Ross county; T. J. Harbaugh, of Putnam county, and F. B. McNeal, of Miami county. It is generally expected Blackburn will be the nominee. R. M. Nevin, of Dayton, has been selected for chairman of the convention.

The Democratic state committee will not be called together to fix the time and place of the state convention until after the Republican convention is over.

It is believed that the delegates-at-large to the national convention will be Senators Hanna and Foraker, Governor Nash and Congressman Dick.

Senator Hanna has expressed his desire for someone else to be selected, but as there would be a contest for the place in the event of Senator Hanna's declination being accepted it is thought that he will be chosen in the interest of harmony.

The withdrawal of Howard Mannington assures the nomination of Lewis C. Laylin for secretary of state without opposition.

George Oliver Declines.

PITTSBURGH, April 23.—Mr. George Oliver, in a letter, has declined to accept the Republican nomination for congressman-at-large for business reasons.

Allowance as to Officers.

WASHINGTON, April 23.—After a discussion lasting more than two hours the senate agreed to the two resolutions of

ferred by Mr. Bacon calling upon the secretary of war for information as to the allowances made to army officers stationed in Cuba and Porto Rico, and the sums expended in providing quarters, equipages and other conveniences for them. The debate took a wide range many senators participating in it.

ACCUSED OF FOUR MURDERS.

Wealthy Man Gave His Interests to a Chicago Lawyer and Then Disappeared.

CHICAGO, April 23.—Attorney William J. Candlish, of this city, in explanation of notices received by the Chicago police asking for the arrest of Geo. H. Wright, alias James S. Weeks, alias C. T. Case, alias Mr. Stevens, a native of Michigan and a graduate of the law department of the University of Ann Arbor, charged with murdering four persons, three in Utah and one in Colorado, says he became acquainted with Wright because they lived at the same Chicago hotel in July, 1897, and Wright engaged him to go west and gather evidence to defend him on the charge of having murdered a man named Crampton near Guffy, Colo., in January, 1897. Wright then, it is alleged, under the alias of Case, deeded to Candlish a bank building, a residence, two office buildings and numerous vacant lots in Cripple Park and Guffy, Colo., besides transferring to him all his stock in various mining corporations.

Candlish says Case left his office to return in an hour with \$200 as advance payment on Candlish's traveling expenses and has not returned to this city. The Chicago men interested in Case's mining properties sent Candlish west, however, and he examined the properties at Cripple Creek and Guffy and was later made president of the Hub Hill Mining company and of the Fines Mining company and counsel for the Union Mining company. Case had been president of the three companies.

Case told Candlish that he was innocent of Crampton's death and that the charge was an effort of enemies and business rivals to ruin him.

A circular issued by Sheriff George A. Storrs, of Provo City, Utah, charges that Wright murdered three boys in Utah county, in February, 1895, and sank their bodies beneath the ice in Utah lake, the alleged reason of the crime being that the boys claimed to have knowledge of Wright's guilt as a cattle thief. This explanation was, it is alleged, given to the Utah state board of pardons in the hearing for a pardon last April for the pardon of the stepfather of the three boys, who had been convicted of their murder and sentenced to be hanged, the witness before the pardon board being the divorced wife of Wright.

TURKEY SAYS NO

IN A POLITE WAY.

Will Compensate Our Demands In Same Manner as She Has Other Nations' Claims.

CONSTANTINOPLE, April 23.—The porte has replied to the American demands, stating that Turkey will compensate American missionaries under the same conditions as in the case of other foreign subjects.

There is the greatest interest in political circles regarding the attitude of the United States in the indemnity claim, and it is believed the powers having similar claims will support American action.

TO HELP CHURCHES IN GUAM.

General Wheeler Asks Gifts of Stations of the Cross.

WASHINGTON, April 23.—General Joseph Wheeler, in a letter to Miss Fannie Wheelan, a prominent Catholic of this city, has set on foot a movement to aid the poor churches of the Philippine and Ladrones Islands. In the letter General Wheeler says:

"During my recent visit to the Philippines and the Ladrones I was much impressed with the great devotion of the women, and it occurred to me that it would be a graceful thing for the Catholic women of our country to show their appreciation of the piety of their sisters of the east in some substantial way."

"While on the island of Guam, where there are six churches, I inquired what would be the most acceptable present, and was informed that the churches, which are very similar to our small country churches, need stations of the cross."

Miss Whelan is associated with Mrs. Thomas F. Ryan, of New York, in the work for poor churches of the United States of the Tabernacle society, the object of which is to furnish necessary articles for churches which are too poor to procure them. Their work has been connected with the Indian missions.

It may be good for us to remember, as an English novelist tells us, that the shade of each departed day falls on our graves.

REBELS SLAUGHTERED

Bloody Week In Rebellion In Philippines.

ABOUT 1,000 DEAD OR MAY DIE.

Three Hundred and Seventy-Eight Killed and Many More Likely to Perish From Their Wounds — American Loss Was Nine Killed and 16 Wounded.

MANILA, April 23.—Last week was one of the bloodiest of the war since the first day's fighting around Manila. Authentic reports, mostly official, show a total of 378 Filipinos killed, 12 officers and 244 men captured and many more wounded. The number wounded is hardly guessable. Considering that the Filipinos entirely lack hospital facilities, a great majority of the wounded will die. Probably the week's work finished 1,000 insurgents.

The Americans' total loss was nine killed and 16 wounded. Two sergeants and one private were killed in ambushes while escorting provision trains.

Twenty Filipinos in the province of Batangas attacked Lieutenant Wonde, who, with eight men, was scouting near San Jose. The lieutenant and five men were wounded and one private was killed.

Sergeant Ledolus, of the Thirty-fifth infantry, was badly wounded in an ambush near Ballua. Lieutenant Calch, of the Thirty-fifth infantry, with 70 men had a five-hours' fight with 400 insurgents in the Nueva Careras district. Twenty of the insurgents were killed.

Colonel Smith, of the Seventeenth infantry, who captured General Montenegro and brought him to Manila, is in the isolation hospital suffering from smallpox, presumably caught from the Filipinos.

Colonel Smith's command captured 180 officers and men with Montenegro. The officers were brought to Manila. Montenegro, who was formerly one of the most dapper officers in the Filipino army, looks worn and haggard. He says he has led a terrible life for months, and he has offered to return to the north with Colonel Smith to endeavor to persuade his former comrades of the uselessness of opposing the Americans.

One hundred escaped Spanish prisoners from the province of Tayabas, South Luzon, have arrived at Manila.

The insurgents have 400 more Spaniards in that district. Recently the Filipinos destroyed several rods of railway line near Panique, in an unsuccessful attempt to wreck a train.

The insurgents have been aggressive in almost every province of Luzon. General Pio del Pilar's band, numbering 300, which was out of sight for three months, the leader being reported killed, has reappeared in its old field about San Miguel. Pilar is supposed to be again in command. He gave the American garrison at San Miguel, consisting of three companies of the Thirty-fifth infantry with a Gatling, a three-hour fight during a night attack. The loss of the insurgents in this engagement is not included in the foregoing total, as they removed their dead and wounded, but presumably it was considerable.

MANILA INVADED BY PLAGUE.

Fourteen Fatal Cases Within a Week. Disease Bred by Filth.

MANILA, April 23.—The sudden deaths of Filipinos and Chinamen in Quiapo market have led to an investigation showing that 15 cases of the plague, 14 of which were fatal, had occurred within a week. The market is located in the center of the city. In black, rotten, wooden buildings the keepers of the stalls live there, with their families, huddled together in great filth. Some of the victims were stricken and died within an hour. There have been several deaths in other sections of the city recently which have been traced to infection from the market.

After all the market people had gathered together the health office's threw a guard around the buildings and will keep the inmates quarantined there for a fortnight. They will then burn the market. The total number of bubonic deaths are 119 Chinamen and 66 Filipinos. The plague elsewhere has been suppressed. Not one infected person has been in the Chinese district for 10 days.

Colonel Hardin and Major Case, with a battalion of the Twenty-ninth infantry, have sailed for the islands of Martinique and Mahbeto. It is reported that the insurgents have 250 rifles and 7,000 rounds of ammunition. Dr. Burgo, a prominent native of Martinique and a supporter of the Americans, accompanies the expedition to try to convince the inhabitants of the wisdom of surrender.

TAYLOR LIKELY INDICTED.

It Is Said Prosecution Awaits Completion of Argent In Governorship Case.

FRANKFORT, Ky., April 23.—While the Franklin county grand jury has not adjourned, it is understood that the investigation of the Goebel assassination has been completed. The indictment against Republican Governor Taylor, charging him with being an accessory to the murder, will be held up till after the argument of the governorship contest case, which is docketed for hearing before the supreme court at Washington, April 30, and it is said by persons in the councils of the prosecution that no steps will be taken in the case till after that time.

The rumor that Governor Beckham had been applied to for a requisition is without foundation.

Former Governor W. O. Bradley, leading counsel for Governor Taylor, gave an interview, saying in part:

"Governor Taylor went to Washington, on purely personal business, not connected in any way with the trial of his case.

"Nor do I believe the report to be true that he is in New York, attempting to prevent the honoring of a requisition for his return to this state.

"Governor Taylor has publicly declared that he was not and never would be a fugitive from justice, and that if indicted he would respect the law and meet his accusers face to face. Therefore there remains but one course open to him, and that is to return as soon as he can, walk boldly and bravely into court and meet the indictment like a man. Any other course would be rank injustice, not only to himself but to those of his friends who have been accused of so foul a crime. I do not know whether an indictment has been found against Governor Taylor."

THE ECUMENICAL DELEGATES BUGY.

Many Spoke In Churches About New York Sunday—President Attended Church.

NEW YORK, April 23.—Although no session of the ecumenical conference was held Sunday, most of the members of the conference found it a very busy day. With few exceptions they accepted invitations to speak at one of the services held in the several hundred churches of the five city boroughs, and even in the neighboring cities and towns.

President McKinley attended the 11 o'clock service at the Brick Presbyterian church, on Fifth avenue. With him were his brother, Abner McKinley, Secretary Cortelyou, and Mr. and Mrs. Morrit K. Jesup.

The president breakfasted with Mrs. McKinley in their apartments at the Manhattan hotel. Mrs. McKinley was much rested after the trip to this city, but did not feel well enough to attend services.

At the church Rev. J. H. Laughlin, missionary from the province of Shan Tung, China, delivered an address on the progress of Christianity in that country. Although this province is the storm center of the Chinese nation, owing to the residence there of large numbers of the "boxers," he said that the missionaries were doing good service and that the growth of Christianity had been great.

Both going to and coming from the church the president was recognized by many people on Fifth avenue. A small crowd gathered around the hotel, to whom he bowed in an amiable manner.

In the afternoon the president and Mrs. McKinley drove in the park.

The services in other prominent churches in this city were conducted by the most prominent of the missionaries now attending the Ecumenical conference.

CAZ FOUND PEACE IN PRAYER

Writes of the Happiness He Experienced Holy Week.

ST. PETERSBURG, April 23.—Emperor Nicholas has issued an imperial rescript, addressed to Grand Duke Sergius, governor general of Moscow, expressing his gratification at having passed holy week in Moscow. The rescript says in part:

"In the cradle of autocracy, where the saints repose undisturbed, and amid the resting places of the crowned builders and expanders of the Russian empire, our prayers rise with increased strength to the Lord of Lords, in common with the faithful members of our beloved church thronging into the temples, and here calm joy fills the soul in prayer."

Anxious to Hear Talmage Preach.

MANCHESTER, April 23.—Rev. Dr. Talmage, on leaving the church here Sunday, where he had preached, was called upon by an immense throng, which had been unable to enter the building, and was urged to speak again. He complied, preaching in the open air.

STATE CONVENTIONS.

Republicans Meet In Ohio and Pennsylvania This Week.

GROW AFTER A RENOMINATION.

aged Pennsylvanian Wants to Remain In Congress—Laylin to Be Named For Secretary of State In Ohio—Other Probable Nominees at Columbus?

HARRISBURG, Pa., April 23.—The Republican state convention will be held here on Wednesday to nominate candidates for congressman-at-large, auditor general and four presidential electors-at-large, and elect eight delegates-at-large to the national convention at Philadelphia. Colonel Ned Arden Flood, of Meadville, reached here, and was to open headquarters today at the Lochiel hotel for his father, Dr. Theodore L. Flood, a candidate for congressman-at-large. Two persons will be selected for this office, and one of the incumbents, Samuel A. Davenport, of Erie, is not a candidate. The other is Galusha A. Grow, of Susquehanna, who entered congress 50 years ago, and has served three terms as congressman-at-large. He is an active candidate for renomination, and will be here tomorrow to take personal direction of his canvas.

Another candidate who is after this office is Robert H. Foerderer, of Philadelphia, who has been endorsed by a majority of the delegates from that city. Senator E. B. Hardenbergh, of Wayne county, has no opposition for auditor general. It is expected that the party leaders and a majority of the candidates and delegates will reach here by Monday night.

HANNA TO BE CHOSEN.

Will Likely Go as One of the Delegates to Philadelphia—Mannington Withdraws.

COLUMBUS, O., April 23.—The Republican state convention is to be held here Tuesday and Wednesday.

There are but five state officers to be elected this fall, and the most important of them is the secretary of state. The others are judge of the supreme court, state commissioner of schools, state dairy and food commissioner and members of the state board of public works.

For supreme judge John A. Shauk, of Dayton, now serving on the bench, is candidate for nomination for another term, and will get it without opposition. For member of the state board of public works C. A. Goddard, of Portsmouth, now serving his first term in the office, will be nominated for another term without opposition. For state school commissioner the incumbent, Lewis D. Bonebrake, is, by the unwritten law of the party, entitled to a second term, and will probably get it. Messrs. Shauk, Goddard and Bonebrake are serving their second terms, and ordinarily there would be no question about their nomination.

The case is quite different with State Food Commissioner Blackburn. He is finishing his second term, and the rule against third terms is strong except in the case of judges of the supreme court. It was a matter of some surprise when Commissioner Blackburn announced his candidacy for another nomination. Four other persons have entered the race for this nomination—S. C. Wheeler, of Sandusky; Byron Lutz, of Ross county; T. J. Harbaugh, of Putnam county, and F. B. McNeal, of Miami county. It is generally expected Blackburn will be the nominee. R. M. Nevin, of Dayton, has been selected for chairman of the convention.

The Democratic state committee will not be called together to fix the time and place of the state convention until after the Republican convention is over.

It is believed that the delegates-at-large to the national convention will be Senators Hanna and Foraker, Governor Nash and Congressman Dick.

Senator Hanna has expressed his desire for someone else to be selected, but as there would be a contest for the place in the event of Senator Hanna's declination being accepted it is thought that he will be chosen in the interest of harmony.

The withdrawal of Howard Mannington assures the nomination of Lewis C. Laylin for secretary of state without opposition.

George Oliver Declines.

PITTSBURG, April 23.—Mr. George Oliver, in a letter, has declined to accept the Republican nomination for congressman-at-large for business reasons.

Allowance as to Officers.

WASHINGTON, April 23.—After a discussion lasting more than two hours the senate agreed to the two resolutions of

ferred by Mr. Bacon calling upon the secretary of war for information as to the allowances made to army officers stationed in Cuba and Porto Rico, and the sums expended in providing quarters, equipages and other conveniences for them. The debate took a wide range many senators participating in it.

ACCUSED OF FOUR MURDERS.

Wealthy Man Gave His Interests to Chicago Lawyer and Then Disappeared.

CHICAGO, April 23.—Attorney William J. Candlish, of this city, in explanation of notices received by the Chicago police asking for the arrest of Geo. H. Wright, alias James S. Weeks, alias C. T. Case, alias Mr. Stevens, a native of Michigan and a graduate of the law department of the University of Ann Arbor, charged with murdering four persons, three in Utah and one in Colorado, says he became acquainted with Wright because they lived at the same Chicago hotel in July, 1897, and Wright engaged him to go west and gather evidence to defend him on the charge of having murdered a man named Crampton near Guffey, Colo., in January, 1897. Wright then, it is alleged, under the alias of Case, deeded to Candlish a bank building, a residence, two office buildings and numerous vacant lots in Cripple Creek and Guffey, Colo., besides transferring to him all his stock in various mining corporations.

Candlish says Case left his office to return in an hour with \$200 as advance payment on Candlish's traveling expenses and has not returned to this city. The Chicago men interested in Case's mining properties sent Candlish west, however, and he examined the properties at Cripple Creek and Guffey and was later made president of the Hub Hill Mining company and of the Fines Mining company and counsel for the Union Mining company. Case had been president of the three companies.

Case told Candlish that he was innocent of Crampton's death and that the charge was an effort of enemies and business rivals to ruin him.

A circular issued by Sheriff George A. Storrs, of Provo City, Utah, charges that Wright murdered three boys in Utah county, in February, 1895, and sank their bodies beneath the ice in Utah lake, the alleged reason of the crime being that the boys claimed to have knowledge of Wright's guilt as a cattle thief. This explanation was, it is alleged, given to the Utah state board of pardons in the hearing for a pardon last April for the pardon of the stepfather of the three boys, who had been convicted of their murder and sentenced to be hanged, the witness before the pardon board being the divorced wife of Wright.

TURKEY SAYS NO IN A POLITE WAY.

Will Compensate Our Demands In Same Manner as She Has Other Nations' Claims.

CONSTANTINOPLE, April 23.—The porte has replied to the American demands, stating that Turkey will compensate American missionaries under the same conditions as in the case of other foreign subjects.

There is the greatest interest in political circles regarding the attitude of the United States in the indemnity claim, and it is believed the powers having similar claims will support American action.

TO HELP CHURCHES IN GUAM.

General Wheeler Asks Gifts of Stations of the Cross.

WASHINGTON, April 23.—General Joseph Wheeler, in a letter to Miss Fannie Wheelan, a prominent Catholic of this city, has set on foot a movement to aid the poor churches of the Philippine and Ladron Islands. In the letter General Wheeler says:

"During my recent visit to the Philippines and the Ladrones I was much impressed with the great devotion of the women, and it occurred to me that it would be a graceful thing for the Catholic women of our country to show their appreciation of the piety of their sisters of the east in some substantial way."

"While on the island of Guam, where there are six churches, I inquired what would be the most acceptable present, and was informed that the churches, which are very similar to our small country churches, need stations of the cross."

Miss Whelan is associated with Mrs. Thomas F. Ryan, of New York, in the work for poor churches of the United States of the Tabernacle society, the object of which is to furnish necessary articles for churches which are too poor to procure them. Their work has been connected with the Indian missions.

It may be good for us to remember, as an English novelist tells us, that the shade of each departed day falls on our graves.

CHARGED TO FENIANS.

Official's Theory of Welland Canal Explosion.

OTHERS BLAME BUFFALO SCOOPERS

Niagara (Ont.) Jail Surrounded by Officers to Prevent Expected Attempt to Rescue Prisoners by Buffalo Workmen Boer Sympathizers First Suspected.

NIAGARA FALLS, April 23.—Chief Youngs, of the Dominion police, his force of half a dozen regular policemen and 200 armed deputies are guarding the jail at Clifton, Ont., where are confined the three men charged with blowing up Lock No. 24 at Thorold, Ont.

The extraordinary precautions taken for the guarding of the men is the result of a rumor that reached Chief Youngs this afternoon to the effect that 400 Buffalo grain shovellers were on their way here to liberate the prisoners. The militia of the district, the Forty-fourth battalion, has been warned for service and can be mobilized at Clifton at short notice. It was thought the men who blew up the lock were Boer sympathizers. The opinion has changed.

It is now the belief of many persons in Clifton and nearby Canadian villages that the dynamiters were agents for Buffalo grain shovellers and sought to blow up the lock for the purpose of disabling the Welland canal, thereby preventing the passage of grain through the canal from Colborne to Montreal. With the canal closed, it is thought the shovellers of Buffalo might have more work than they would if the Welland canal was open. This line of reasoning, aided by rumors of an impending invasion of shovellers from Buffalo, resulted in the heroic measures taken by Chief Youngs.

Three men were seen to run away, after the explosion. They were tracked and two were captured.

The prisoner John Nolan says he is a mechanic from Philadelphia. The prisoner John Walsh says he is a bartender from Washington, D. C.

BUFFALO, April 23.—The most careful inquiry has failed to discover anything to indicate a movement of Buffalo grain shovellers to release the Welland canal dynamiters now in jail just over the Canadian border.

The grain shovellers seen along the water front seem surprised at the story when it was told to them by newspaper reporters. So far as could be observed there was not the slightest excitement among the shovellers.

President McMahon, of the grain shovellers' union, branded the story as ridiculous.

A Toronto special said in part:

The Dominion government has ordered Chief Inspector Murray, of the Provincial police, to go to Niagara Falls, Ont., to investigate the explosion in the Welland canal lock at Thorold. Inspector Murray, in an interview at Toronto, expressed the belief that the explosion is part of a Fenian plot.

Several months ago it was said to be feared that as soon as spring opened the Fenians would begin offensive operations in Canada. This is supposed to be the first stroke. The attempt to blow up the lock is characterized in Toronto as malicious mischief. Troops would not be moved by canal in case of trouble with Fenians.

MAY HAVE FOUGHT

DECISIVE BATTLE.

Believed British and Boers May Have Come Together—General DeWet Reported Dead.

LONDON, April 23.—It is quite probable that by this time General Sir Henry Rundle has fought a decisive battle with the Boers. He entrenched himself Saturday to await the arrival of General Campbell with the Sixteenth brigade. That commander arrived Saturday evening, and news may therefore be expected at any moment.

It is still impossible to ascertain the position of affairs at Bloemfontein, or to learn when the long expected advance northward will begin. The dispatches conflict regarding the state of the preparations.

LONDON, April 23.—A dispatch to The Daily News, from Lorenzo Marques, dated Friday, says:

General DeWet is reported to have been killed.

LONDON, April 23.—The Lorenzo Marques correspondent of The Times, under Saturday's date, says:

"Information received from responsible sources shows that at one time the two republics had 105,000 men in the field, including the Colonial rebels. According to the same informant they can still muster 80,000."

MASERU, Basutoland, April 23.—General Brabant's advance guard reached

Bushmann's kop Saturday evening. The Boers held a strong position here, with two guns.

The engagement opened at sunrise, with heavy rifle fire. About 6:30 canonading began, and continued for several hours.

General Brabant's forces are on the plains, and have fairly open country all the way to Wepener.

Evidently the Boers attacked Colonel Dalgety Sunday.

Colonel Dalgety heliographed Sunday: "All well. Boers fired 300 shells yesterday, without doing much damage."

MAZERU, Basutoland, Saturday, April 21.—Evening—Four Boer guns have been hard at work all day on Colonel Dalgety's position. The British guns have replied at intervals.

The Boers are divided into three divisions, two being in positions to repel the relief columns, the distant roar of whose artillery is audible.

The Basutos are posted on the border for defensive purposes. They are behaving in orderly fashion, but are showing the most intense interest in the outcome of the developments of the next 24 hours.

GEN. RIVERA TO RESIGN.

Wants to Be Free to Take an Active Part In Politics In The Island of Cuba.

HAVANA, April 23.—General Ruis Rivera, secretary of agriculture, has had a long interview with Governor General Wood regarding the letter which he wrote urging a union of political parties and an unanimous demand of independence by the end of 1901. General Rivera will probably resign early this week from his official position.

The Cubano predicts that the remaining secretaries will do likewise, as it is recognized that General Rivera holds a powerful influence. Other secretaries who have been seen, however, say that the resignation of the secretary of agriculture will not affect them. They gave it as their belief that the National party will be benefited by General Rivera's resignation, as his official position has hampered his usefulness as a campaigner.

In the course of an interview General Rivera informed Governor General Wood that he had not meant any personal courtesy, but he is of the opinion that he would prefer to be untrammeled by office, so that he might speak out his mind on political matters without embarrassing the government.

Making Money Off British.

KIMBERLEY, April 23.—A letter from Bloemfontein says that the Free Staters are coining money out of the British occupation. Bread is 2 shillings a loaf, sugar 2 shillings 6 pence per pound and Swiss milk 3 shillings a tin. Other articles are proportionately high.

Killed His Wife; Failed to Suicide.

SYRACUSE, N. Y., April 23.—John Hughes, aged 60 years, shot and killed his wife, Hannah Hughes, and seriously wounded Elizabeth Lyons, aged 16 years, as the women were leaving St. Vincent de Paul's church. He then went to the house of a friend a mile distant and attempted to commit suicide by stabbing himself near the breast with a pair of shears. He was found there by the police and arrested. He and his wife were parted. Elizabeth was shot in the leg by a stray bullet.

A GREAT TRUTH.

All organized living things, whether belonging to the animal or vegetable kingdom contain within themselves the germs of death and decay.

Germs of disease are often generated within the human system through imperfect digestion of food, producing various poisons which scientists have denominated *ptomaines*. A stomach weakened by abuse, gorged with over eating or over burdened with hot bread, too rich or greasy foods or those too highly seasoned, becomes weakened and fails to thoroughly digest the food. A heavy, sodden mass is accumulated in the stomach to ferment as the first step in its decay, giving off foul gasses to distend the stomach, and poison the blood, until it becomes thin, weak and lacking in the red corpuscles so necessary to perfect health.

The over distended stomach presses upon the heart, and the latter organ is also disturbed through sympathy, the same system of nerves being distributed to both organs. Thus palpitation and irregular action of the heart with its attendant shortness of breath, result, and in time, disease of the heart itself is established.

The gases and other poisons generated from undigested, fermenting and decaying food in the stomach cloud the brain, causing headaches, and pain in the eyes.

Being absorbed into the blood these poisons reach every part and organ of the system. The kidneys are thereby poisoned, causing Bright's disease and diabetes. Filtering through the skin, troublesome skin diseases often show themselves.

Every organ and every nerve, depending as they do for their nourishment and renewal upon the stomach, weak digestion shows itself not alone in loss of appetite and flesh, but also in nervousness, debility, bad complexion and many other derangements.

Dr. Pierce's Golden Medical Discovery tones and regulates the stomach; stimulates the digestive juices; invigorates the torpid liver; promotes intestinal strength; clears bilious poisons and diseased germs out of the circulation; gives the blood-making glands keen assimilative power, and furnishes Nature with the fresh, abundant nutrition out of which she manufactures firm flesh, strong muscles, clear skin, healthy lung tissue and nerve-fiber, and gives sound, enduring, active energy to the whole system.

BISHOP MULLIN DEAD.

The Roman Catholic Prelate Expired at Erie, Pa., after a Long Illness.

ERIE, Pa., April 23.—Rt. Rev. Tobias Mullin, bishop of the Roman Catholic diocese of Erie, died after a long illness. He was stricken with paralysis three years ago, but, having slightly improved, continued to officiate until the appointment of Coadjutor Bishop Fitzmaurice, about two years ago, when he was relieved of the cares of the office. Bishop Mullin was appointed to the charge of Erie diocese August 2, 1868. The distinguishing work of his administration was the erection of a splendid cathedral at the corner of Tenth and Sassafras streets, this city.

The bishop was widely known in this community and highly respected by all without regard to church affinities. His end was peaceful.

WILLIAMS FOR VICE PRESIDENT.

Massachusetts Democrats Enthusiastic Over the Proposal.

BOSTON, April 23.—Nineteen of the 30 delegates from this state to the national Democratic convention, together with a number of alternates, met in this city to arrange the details of their trip to Kansas City.

George Fred Williams was elected permanent chairman of the delegation. Information from other New England states was to the effect that their delegations would accompany the Massachusetts men.

The mention of George Fred Williams as a possibility for vice president provoked intense applause, but no formal resolutions endorsing any candidate for any office were adopted.

ROBBERS TO BE DEPORTED.

Passengers Admitted Their Crime on Reaching New York.

NEW YORK, April 23.—Adelbert Woiwode Bogdansky and Anton Rody, alias Anton Koschinowsky, who arrived in this port on Saturday on the steamship Palatia, will be sent back to their homes when the Palatia next sails. The men admit that they were implicated in a daring burglary in Lemberg, Galicia.

Some time ago they, in company with two others, broke into a furniture store in Lemberg and blew open the safe. They got about 10,000 florins. In escaping the burglars almost killed the proprietor of the store. Two of the men have been arrested on the other side.

Three men were seen to run away, after the explosion. They were tracked and two were captured.

The prisoner John Nolan says he is a mechanic from Philadelphia. The prisoner John Walsh says he is a bartender from Washington, D. C.

BUFFALO, April 23.—The most careful inquiry has failed to discover anything to indicate a movement of Buffalo grain shovellers to release the Welland canal dynamiters now in jail just over the Canadian border.

The grain shovellers seen along the water front seem surprised at the story when it was told to them by newspaper reporters. So far as could be observed there was not the slightest excitement among the shovellers.

President McMahon, of the grain shovellers' union, branded the story as ridiculous.

A Toronto special said in part: The Dominion government has ordered Chief Inspector Murray, of the Provincial police, to go to Niagara Falls, Ont., to investigate the explosion in the Welland canal lock at Thorold. Inspector Murray, in an interview at Toronto, expressed the belief that the explosion is part of a Fenian plot.

Several months ago it was said to be feared that as soon as spring opened the Fenians would begin offensive operations in Canada. This is supposed to be the first stroke. The attempt to blow up the lock is characterized in Toronto as malicious mischief. Troops would not be moved by canal in case of trouble with Fenians.

MAY HAVE FOUGHT DECISIVE BATTLE.

Believed British and Boers May Have Come Together—General DeWet Reported Dead.

LONDON, April 23.—It is quite probable that by this time General Sir Henry Rundle has fought a decisive battle with the Boers. He entrenched himself Saturday to await the arrival of General Campbell with the Sixteenth brigade. That commander arrived Saturday evening, and news may therefore be expected at any moment.

It is still impossible to ascertain the position of affairs at Bloemfontein, or to learn when the long expected advance northward will begin. The dispatches conflict regarding the state of the preparations.

LONDON, April 23.—A dispatch to The Daily News, from Lourenzo Marques, dated Friday, says:

General DeWet is reported to have been killed.

LONDON, April 23.—The Lorenzo Marques correspondent of The Times, under Saturday's date, says:

"Information received from responsible sources shows that at one time the two republics had 105,000 men in the field, including the Colonial rebels. According to the same informant they can still muster 80,000."

MASERU, Basutoland, April 23.—General Brabant's advance guard reached

Bushmann's kop Saturday evening. The Boers held a strong position here, with two guns.

The engagement opened at sunrise, with heavy rifle fire. About 6:30 canonading began, and continued for several hours.

General Brabant's forces are on the plains, and have fairly open country all the way to Wepener.

Evidently the Boers attacked Colonel Dalgety Sunday.

Colonel Dalgety heliographed Sunday: "All well. Boers fired 300 shells yesterday, without doing much damage."

MAZERU, Basutoland, Saturday, April 21.—Evening—Four Boer guns have been heard at work all day on Colonel Dalgety's position. The British guns have replied at intervals.

The Boers are divided into three divisions, two being in positions to repel the relief columns, the distant roar of whose artillery is audible.

The Basutos are posted on the border for defensive purposes. They are behaving in orderly fashion, but are showing the most intense interest in the outcome of the developments of the next 24 hours.

GEN. RIVERA TO RESIGN.

Wants to Be Free to Take an Active Part in Politics In The Island of Cuba.

HAVANA, April 23.—General Ruis Rivera, secretary of agriculture, has had a long interview with Governor General Wood regarding the letter which he wrote urging a union of political parties and an unanimous demand of independence by the end of 1901. General Rivera will probably resign early this week from his official position.

The Cubano predicts that the remaining secretaries will do likewise, as it is recognized that General Rivera holds a powerful influence. Other secretaries who have been seen, however, say that the resignation of the secretary of agriculture will not affect them. They gave it as their belief that the National party will be benefited by General Rivera's resignation, as his official position has hampered his usefulness as a campaigner.

In the course of an interview General Rivera informed Governor General Wood that he had not meant any personal courtesy, but he is of the opinion that he would prefer to be unhampered by office, so that he might speak out his mind on political matters without embarrassing the government.

Making Money Off British.

KIMBERLEY, April 23.—A letter from Bloemfontein says that the Free Staters are coining money out of the British occupation. Bread is 2 shillings a loaf, sugar 2 shillings 6 pence per pound and Swiss milk 3 shillings a tin. Other articles are proportionately high.

Evidently.

Dasherly—It cost him \$1,000,000 to put his Chicago son-in-law on his feet.

Flasherly—Dear me, but those Chicago people have large feet.—Kansas City Independent.

Killed His Wife; Failed to Suicide.

SYRACUSE, N. Y., April 23.—John Hughes, aged 60 years, shot and killed his wife, Hannah Hughes, and seriously wounded Elizabeth Lyons, aged 16 years, as the women were leaving St. Vincent de Paul's church. He then went to the house of a friend a mile distant and attempted to commit suicide by stabbing himself near the breast with a pair of shears. He was found there by the police and arrested. He and his wife were parted. Elizabeth was shot in the leg by a stray bullet.

A GREAT TRUTH.

All organized living things, whether belonging to the animal or vegetable kingdom contain within themselves the germs of death and decay.

Germs of disease are often generated within the human system through imperfect digestion of food, producing various poisons which scientists have denominated *ptomaines*. A stomach weakened by abuse, gorged with over eating or over burdened with hot bread, too rich or greasy foods or those too highly seasoned, becomes weakened and fails to thoroughly digest the food. A heavy, sodden mass is accumulated in the stomach to ferment as the first step in its decay, giving off foul gasses to distend the stomach, and poison the blood, until it becomes thin, weak and lacking in the red corpuscles so necessary to perfect health.

The over distended stomach presses upon the heart, and the latter organ is also disturbed through sympathy, the same system of nerves being distributed to both organs. Thus palpitation and irregular action of the heart with its attendant shortness of breath, result, and in time, disease of the heart itself is established.

The gases and other poisons generated from undigested, fermenting and decaying food in the stomach cloud the brain, causing headaches, and pain in the eyes.

Being absorbed into the blood these poisons reach every part and organ of the system. The kidneys are thereby poisoned, causing Bright's disease and diabetes. Filtering through the skin, troublesome skin diseases often show themselves.

Every organ and every nerve, depending as they do for their nourishment and renewal upon the stomach, weak digestion shows itself not alone in loss of appetite and flesh, but also in nervousness, debility, bad complexion and many other derangements.

Dr. Pierce's Golden Medical Discovery tones and regulates the stomach; stimulates the digestive juices; invigorates the torpid liver; promotes intestinal strength; clears bilious poisons and diseased germs out of the circulation; gives the blood-making glands keen assimilative power, and furnishes Nature with the fresh, abundant nutrition out of which she manufactures firm flesh, strong muscles, clear skin, healthy lung tissue and nerve-fiber, and gives sound, enduring, active energy to the whole system.

BISHOP MULLIN DEAD.

The Roman Catholic Prelate Expired at Erie, Pa., after a Long Illness.

ERIE, Pa., April 23.—Rt. Rev. Tobias Mullin, bishop of the Roman Catholic diocese of Erie, died after a long illness. He was stricken with paralysis three years ago, but, having slightly improved, continued to officiate until the appointment of Coadjutor Bishop Fitzmaurice, about two years ago, when he was relieved of the cares of the office. Bishop Mullin was appointed to the charge of Erie diocese August 2, 1868. The distinguishing work of his administration was the erection of a splendid cathedral at the corner of Tenth and Sassafras streets, this city.

The bishop was widely known in this community and highly respected by all without regard to church affinities. His end was peaceful.

WILLIAMS FOR VICE PRESIDENT.

Massachusetts Democrats Enthusiastic Over the Proposal.

BOSTON, April 23.—Nineteen of the 30 delegates from this state to the national Democratic convention, together with a number of alternates, met in this city to arrange the details of their trip to Kansas City.

George Fred Williams was elected permanent chairman of the delegation. Information from other New England states was to the effect that their delegations would accompany the Massachusetts men.

The mention of George Fred Williams as a possibility for vice president provoked intense applause, but no formal resolutions endorsing any candidate for any office were adopted.

ROBBERS TO BE DEPORTED.

Passengers Admitted Their Crime on Reaching New York.

NEW YORK, April 23.—Adelbert Woi-ceth Bogdamosky and Anton Rody, alias Anton Koschinowsky, who arrived in this port on Saturday on the steamship Palatine, will be sent back to their homes when the Palatine next sails. The men admit that they were implicated in a daring burglary in Lemberg, Galicia.

Some time ago they, in company with two others, broke into a furniture store in Lemberg and blew open the safe. They got about 10,000 florins. In escaping the burglars almost killed the proprietor of the store. Two of the men have been arrested on the other side.

A Sure Test.

"Are you sure she is as gentle and patient and amiable as she seems?" asked the friend.

"Not quite sure," answered the young man who is in love, "but I'm going to find out."

"How?"

"I'm going to get her to call somebody up over a long distance telephone and then watch her."
